On September 11, 2001, journalist Tom Flynn set off on his bike toward the World Trade Towers not knowing what he was riding into. *Bikeman* is one man's journey back to the horrors of that day and to the humanity that somehow emerged from the dust and the death. Both heartbreaking and haunting, his words will stay with you like that 'forever September morning.'" --Meredith Vieira, NBC's Today Tom Flynn brings to his subject three invaluable attributes: the eye of a seasoned journalist, the soul of a poet, and his stunning, first-hand experience of that horrific day." --David Friend, Vanity Fair From *Bikeman*: The dead from here are my forever companions I am their pine box, their marble reliquary, their bronze urn, the living, breathing coffin they never had, their final resting place without a stone. I move on at peace. Modeled on Dante's *Inferno*, veteran journalist Thomas Flynn's *Bikeman* chronicles the morning of September 11, 2001 like no other published work. Flynn delivers a personal account of his experiences beginning with the first strike on the World Trade Center when he decided to follow his journalist's instinct and point his bike's handlebars in the direction of the north tower. His story continues as he transitions from reporter to participant hoping to survive the fall of the south tower. Now Flynn, as both journalist and now survivor, must come to terms with the harrowing ordeal and somehow find peace in the very act of surviving. Part journalist's record, part survivor's eulogy, Flynn writes: Survival is the absence of death. It is a subdued, a hushed existence. . . I live to talk about it, to relate the tale as it happens, not only its extremities and cruelty, but also the goodness that flourishes too.

"Where Is Tinubu?," an enchanting compilation of poems that weaves together the flavors, rhythms, and emotions of life. Within these pages, you will embark on a poetic journey through various themes, from the Nigerian experience to the beauty of nature, from the struggles of humanity to the resilience of the human spirit. In this extraordinary collection, we have gathered a tapestry of verses inspired by the diverse range of topics explored. Each poem, a delicately prepared dish, offers a

unique blend of imagery, language, and sentiment that will resonate with readers on a profound level. Just like the art of pounding yam requires patience, skill, and love, the creation of these poems has been crafted with utmost care and dedication. From the resounding beat of "Ologbo the Cat" to the poignant lament in "Tribute to Ebelle Palm Wine Tappers," each piece showcases the power of poetry to capture moments of joy, sorrow, resilience, and celebration. The verses transcend borders and cultures, inviting readers from all walks of life to savor the universal experiences and emotions shared within these pages. This collection is a celebration of Nigerian heritage, paying homage to the rich traditions and vibrant landscapes that shape its tapestry. With nods to Nigerian palm wine, pounded yam, Ebelle Village, and other cultural touchstones, the poems capture the essence of Nigeria's people, its struggles, its joys, and its unwavering spirit, from the annulment of the June 12 election to the ascension of power to the Presidency by Tinubu, this poem meets your expectations. But beyond the confines of Nigeria, these poems extend their reach, exploring themes and topics that resonate with humanity as a whole. From the poignant tributes to historical figures like Mandela and Dele Giwa to the reflections on global issues such as climate change and immigration, these verses transcend borders, inviting readers to reflect on our shared human experiences. Through the power of language, imagery, and rhythm, "Where Is Tinubu?" aims to nourish the mind, touch the heart, and awaken the senses. It is a testament to the transformative power of poetry, inviting readers to immerse themselves in a literary feast that celebrates the beauty and complexity of life. So, dear reader, take a seat at the table and savor each poem in this collection. Allow the words to transport you, to stir your emotions, and to ignite your imagination. Join us on this poetic journey, as we explore the depths of the human experience, one verse at a time. Bon appétit, and enjoy the nourishing delights of the "Where Is Tinubu?."

Ada tuned into a song while walking into the house. Instead of the excitement and pleasure that usually came with singing, a haze of vagueness and emptiness hung on her mind. What was that for? She just couldn't tell. Maybe seeing her son, Chideraa, would make her feel better. She had left him in the sitting room. But Chideraa was not in the sitting room when she walked in. Ada searched under the bed, and table. She looked up to the ceiling and the walls, even though she knew Chideraa could not have climbed there. When she couldn't find him, she screamed, "Chideraa!" But there was no response. Love, suspense, intrigue, conspiracy, deceit, treachery, pain, and anguish are all here in author Stan-Collins Ubaka's latest book, *Chideraa: Love and Bruises*. Ubaka tells a story most of us can relate to. Ada was a young, innocent girl in love. This supposed beautiful feeling resulted in pain, then gain, then pain, and then ... The emotional roller coaster seemed never-ending. *Chideraa: Love and Bruises* educates you about the many ills in our society. You will also

find there is hope despite how things look at times.

Escaping his ghosts, AIDS widower David Masiello accepts a one-year position at a Western medical clinic in Beijing. Lonely but excited, he sets out to explore the city—both its bustling street life and its clandestine gay subculture. David chronicles his adventures in China as he wrestles with cultural dislocation, loneliness, and sexual and spiritual longing. After a series of both comic and poignant encounters with gay Chinese men, he meets Bosheng, a handsome young artist. Though the attraction is strong, a difficult courtship ensues, during which Bosheng returns to his ancestral village to marry the girl his parents have chosen for him. Eventually, and quite unexpectedly, David and Bosheng reconnect and share an idyllic spring together. As the year ends, David must decide whether to say goodbye or face the uncertainties of a long-distance relationship. Gambone's novel is peopled with a host of wonderfully memorable characters: Owen, David's forthright best friend back

home; Auntie Chen, the clinic's office mom, who wants to fix David up with a girlfriend; Stewart, David's Beijing roommate, a graduate student doing research on Peking opera; Jiantao and Guoyang, two lovers who lecture David on the fleeting quality of American romance; and Tyson, the Australian doctor with a Chinese girlfriend, who hopes to teach David that love doesn't need any explanations or justifications.

The Adventures of Brisbane and Friends is a story all about love. The bears come to life from a Da-Da hug that is full of love, and the bears are from different parts of the world and different continents. But it doesn't matter to these bears; no matter how different they are, they love one another like brothers do. They love to play all kinds of games, and like most bears, they love to eat. Brisbane and friends love Grandpa Rue's cookies and everything else he fixes. Of course, they have a message of love. To unite is if you show somebody some love. Suzanne Schlosberg's friends dubbed her the Cal Ripken of celibacy. Given the common belief among single women that all the good men are either married or gay, Suzanne's predicament is hardly extraordinary, but what she does to end the streak makes for a hilarious tale. Suzanne hits bottom when her younger sister gets engaged, leaving her less than a year to find a date for the wedding. She shifts into overdrive, experimenting with Internet dating, speed dating, and other bizarre 21st century match-making rituals. But after enduring every indignity of singlehood, she ultimately learns to ask herself: Does she really need a man to find happiness?

On the basis of empirical studies, this book explores nature as an integral part of the social worlds conventionally studied by anthropologists. The book may be read as a form of scholarly "edgework," resisting institutional divisions and conceptual routines in the interest of exploring new modalities of anthropological knowledge making. The present interest in the natural world is partly a response to large-scale natural disasters and global climate change, and to a keen sense that nature matters matters to society at many levels, ranging from the microbiological and genetic framing of reproduction, over co-species development, to macro-ecological changes of weather and climate. Given that the human footprint is now conspicuous across the entire globe, in the oceans as well as in the atmosphere, it is difficult to claim that nature is what is given and permanent, while people and societies are ephemeral and simply derivative features. This implies that society matters to nature, and some natural scientists look towards the social sciences for an understanding of how people think and how societies work. The book thus opens up a space for new forms of reflection on how natures and societies are generated.

Islands—as well as entire continents—are reputed to have disappeared in many parts of the world. Yet there is little information on this subject concerning its largest ocean, the Pacific. Over the years, geologists have amassed data that point to the undeniable fact of islands having disappeared in the Pacific, a phenomenon that the oral traditions of many groups of Pacific Islanders also highlight. There are even a few instances where fragments of Pacific continents have disappeared, becoming hidden from view rather than being submerged. In this scientifically rigorous yet readily comprehensible account of the fascinating subject of vanished islands and hidden continents in the

Pacific, the author ranges far and wide, from explanations of the region's ancient history to the meanings of island myths. Using both original and up-to-date information, he shows that there is real value in bringing together myths and the geological understanding of land movements. A description of the Pacific Basin and the "ups and downs" of the land within its vast ocean is followed by chapters explaining how—long before humans arrived in this part of the world—islands and continents that no longer exist were once present. A succinct account is given of human settlement of the region and the establishment of cultural contexts for the observation of occasional catastrophic earth-surface changes and their encryption in folklore. The author also addresses the persistent myths of a "sunken continent" in the Pacific, which became widespread after European arrival and were subsequently incorporated into new age and pseudoscience explanations of our planet and its inhabitants. Finally, he presents original data and research on island disappearances witnessed by humans, recorded in oral and written traditions, and judged by geoscience to be authentic. Examples are drawn from throughout the Pacific, showing that not only have islands collapsed, and even vanished, within the past few hundred years, but that they are also liable to do so in the future.
