REYNA ROBERSON

Workbook (Without Answers) Letts and Lonsdale
Exam Board: AQA Level: GCSE Subject: D&T First Teaching: September 2017 First Exam: June 2019 Build in-depth understanding and inspire your students to tackle design challenges both practically and creatively, with a textbook that delivers the Core Technical plus Specialist Technical and Design & Making Principles needed for the 2017 AQA D&T GCSE. The insight of our author team will build topic knowledge, including the technical principles of materials with which you are less familiar, to ensure you can navigate the specification with confidence whilst your students' ideas flourish. · Trusted author

team of specialist teachers and those with examining experience · Build topic knowledge with learning objectives directly linked to the specification and short activities to reinforce understanding · Develop mathematical and scientific knowledge and understanding with activities that link topics to maths and science · Inspire your students as they undertake the iterative design process, with examples of imaginative design-and-make tasks, and a look at how to approach the Non-Exam Assessment · Check knowledge and understanding with end of topic summaries and practice questions for the written exam
New Grade 9-1 GCSE Design & Technology AQA Exam Practice Workbook Letts & Lonsdale
Explore, create, evaluate: help your students to develop an understanding of the iterative design process and to be critical and innovative designers, while developing the knowledge and

skills they need for the 2017 OCR GCSE D&T specification. Confidently navigate both the core and in-depth principles of design and technology, including less familiar materials and system components, to ensure your students have the knowledge and understanding they need. · Builds a toolkit of knowledge, understanding and design development skills for the chosen materials or systems, with dedicated chapters covering each of the main categories of materials · Develops mathematical and scientific skills with practice questions that apply this learning in context · Supports the Non-Exam Assessment with guidance on how to approach the Iterative Design Challenge, which includes imaginative and creative examples of student projects to inspire and engage · Helps students to prepare for the written assessment with practice questions covering both the 'core' and 'in-depth' content

The Essentials of GCSE Design & Technology Letts and Lonsdale "GCSE Design and Technology: Textiles Technology through Diagrams" joins the acclaimed Oxford Revision Guides series which builds on the fact that pictures are easier to memorize than words. All the necessary facts, figures, content, and concepts are presented in diagrammatic form. This unique visual approach to learning means that students can absorb the information easily and effectively. Help for coursework: Unlike most other Guides, "Textiles Technology through Diagrams" also helps students with their coursework. With 60% of the total marks at GCSE being awarded for coursework the revision guide contains a chapter devoted to the skills needed for success in this area.

GCSE Design & Technology Letts and Lonsdale

Exam board: WJEC Level: GCSE Subject: Design and Technology

First teaching: September 2017 First exams: Summer 2019 Target success in WJEC GCSE Design and Technology with this proven formula for effective, structured revision. Key content coverage for Engineering Design, Fashion and Textiles and Product Design is combined with exam-style tasks and practical tips to create a revision guide that you can rely on to review, strengthen and test your knowledge. With My Revision Notes you can: - plan and manage a successful revision programme using the topic-by-topic planner - consolidate subject knowledge by working through clear and focused content coverage - test understanding and identify areas for improvement with regular 'Now Test Yourself' tasks and answers - improve exam technique through practice questions, expert tips and examples of typical mistakes to avoid - get exam ready with extra quick quizzes and answers to the practice questions available online.

Design and Technology Letts and Lonsdale

Covers the key GCSE topics from the design process to tools, processes and materials, and industrial application to legislation and moral issues. This work features project advice as well.

Exam board: WJEC Level: GCSE Subject: Design and Technology

First teaching: September 2017 First exams: Summer 2019

Reinforce classroom learning and boost students' understanding of their chosen area of design and technology with this textbook written for the WJEC GCSE Design & Technology specification for Wales. Written by leading D&T experts, this textbook will build

your students' knowledge of the core principles, help to develop their designing and making skills and provide them with the opportunity to make sure they are ready to tackle both parts of the assessment. - Helps students clearly understand the core knowledge, understanding and skills and general concepts of designing and making, as well as build their knowledge, understanding and skills of either Engineering Design, Fashion and Textiles or Product Design in more depth - Hones students' mathematical and scientific ability so they don't miss out on the easy marks - Features practice questions in the style of the written exam to make sure students are confident to tackle the written element of the assessment - Inspires and motivates students with stretch and challenge: activities designed to challenge the more able learners and to ensure progression to A-level

Gcse Design and Technology for Aqa Coordination Group Publication

This answer book provides answers to all the questions in the GCSE Essentials Product Design workbook.

Graphic Products Hodder Education

Ideal for all GCSE Design and Technology specifications Divided into short units allowing complete flexibility for the teaching of Design and Technology courses.

My Revision Notes: Pearson Edexcel GCSE (9-1) Design and Technology Hodder Education

Focusing on the GCSE exam, this workbook has 46 pages of questions. The questions are written to help those taking the exam find out what they really know and what they don't. This work is useful for students taking Resistant Materials.

WJEC GCSE Design and Technology Longman

Using straightforward explanations and clear diagrams to provide a comprehensive reference bank of important concepts and skills, this textbook looks at generating a design, manufacturing, properties of fabrics and fibres and using IT.

ClearRevise AQA GCSE Design and Technology 8552 Aqa GCSE (9-1) Design & Technology 8552

Are your students getting lower marks in the written paper than the design and make element? Help them to achieve better results with this textbook, which has been created after listening to the needs of students and teachers. We understand that a real understanding of Resistant Materials Technology requires more than simply ticking off theory listed in the specification. Students need to know how and where to apply it, and understand why. Student projects are chosen to illustrate the creativity at the heart of the subject and to inspire your students. The good practice they demonstrate, and the constant links between the projects and theory, will mean more motivated students with a far better understanding of the subject.

Textiles Technology Through Diagrams Letts and Lonsdale

This Student Book has been developed specifically for the Edexcel GCSE (9-1) Design and Technology.

Gcse Design and Technology Graphic Products Hodder Education

New editions of the bestselling Revise GCSE Study Guides with a fresh new look and updated content in line with curriculum changes. Revise GCSE contains everything students need to

achieve the GCSE grade they want. Each title has been written by a GCSE examiner to help boost students' learning and focus their revision. Each title provides complete curriculum coverage with clearly marked exam board labels so students can easily adapt the content to fit the course they are studying. Revise GCSE is an ideal course companion throughout a student's GCSE study and acts as the ultimate Study Guide throughout their revision.

GCSE Design and Technology Resistant Materials Hodder Education

This is a brand new book that provides comprehensive yet concise coverage of all the topics and disciplines covered in the new AQA 8552 Design and Technology (9-1) specification, written and presented in a way that is accessible to teenagers and easy to teach from. It will be invaluable both as a course text and as a revision guide for students nearing the end of their course. It is divided into neat sections covering every element of the specification. Sections 5A to 5F of the textbook cover each of the six specialist technical areas. These sections would complement practical classroom experience. Solutions to all questions and exercises are provided in a free teacher pack available on our website. To accompany this textbook, PG Online also publishes a series of 12 downloadable teaching units. Each topic in a unit consists of a PowerPoint presentation, teacher's notes, worksheets, homework sheets and a final assessment test with practice questions. Each topic within a unit is expected to be taught over several lessons in a week. Units are sold as a lifetime site licence and may be loaded onto the school's private network or VLE.
