A Practical Introduction to Reading the Bible Alpha USA

The Alpha Guide is a companion to either the Alpha Film Series or Alpha with Nicky Gumbel. This guide is divided up by session with an easy-to-read outline so that guests can follow along during each talk. With simple bullet-point organization and plenty of room for notes, the guide functions as an invaluable resource to the guest during Alpha, and as a reference tool for individual reflection long after Alpha. It is considered an essential resource for Alpha guests as well as the host and helpers on Alpha. Alpha creates an environment of hospitality where people can bring their friends, family, and work colleagues to explore the Christian

faith, ask questions, and share their point of view. Alpha makes it easy to invite friends to have spiritual conversations which explore life's biggest questions in a safe and respectful way. Alpha's approach to hospitality, faith, and discussion is designed to welcome everyone, especially those who might not describe themselves as Christians or church-goers. Each session includes time for a large group meal, short teaching, and small group discussion.

Written by a colleague: Alpha is a tremendous worldwide hit, yet most groups deploying it will - at times - be somewhat disappointed by the amount of resulting fruit. Holy Trinity Brompton readily acknowledges this. Even groups faithfully adhering to the official advice that has so far been published can still find

many non-Christian attendees disappearing during, or shortly after, the program. Proven Alpha Course Tips identifies several previously unrecognized causes of this problem and has been created to help every group using Alpha to see much greater fruit. "Very well written and laid out.... Very well researched and extremely informative. It's positive and a manageable size.... It's a "must read"" - Phil Phillimore, Alpha course leader

Drawing on profound knowledge of the Alpha resources and interviews with Nicky Gumbel, John Fairhaven has created a most practical work. Proven Alpha Course Tips will encourage and excite readers with its unique insights. In view of the substantial amount of time and effort spent implementing each program - and on getting unbelievers to attend them - this book represents a very wise acquisition. Written by someone who cares passionately about his subject, the material in this new volume will be of great benefit to every individual in a group running any type of Alpha course.
