The Red Gold Simon and Schuster

An award-winning journalist breaks through the wall of secrecy to reveal how the world's most powerful company really works and how it is transforming the American economy.

The End of Chiraq Main Street Books

The legendary golf instructional, available again. This is, along with Harvey Penick's

Little Red Book, THE book Golf professionals turn to. "Thirty years ago I was recommending Joe Dante's book *The Four Magic Moves To Winning Golf* as a must read for aspiring PGA professionals. What Dante said in '62 has influenced many of the game's finest teachers. Dante was a visionary."--Gary Wiren, author of *New Golf Mind* When published, *The Four Magic Moves To Winning Golf* radically changed the way many players thought about the golf swing. Dante's system showed how simple it was to improve one's game, and at the same time gave the golfer one of the most comprehensive analyses of swing mechanics ever

published. Now, thirty-three years after its original publication, Main Street is proud to reissue this classic instructional. Dante begins by sweeping out all the misconceptions of the game. "If good golf is to be learned and the poor player is to improve, a purging must take place, painful as it may be." Dante discusses a few basics of grip and stance, and then he gets to the heart of his book, the four magic moves. As he reveals each of the moves, Dante focuses on the physical checkpoints so that any golfer can make sure that his or her swing is on the right track. *The Four Magic Moves To Winning Golf* is straightforward and easy to understand, yet unlike other golf

books it is irreverent and audacious in its approach to mastering the game. The publication of this rediscovered classic is sure to establish Joe Dante's reputation as one of golf's greatest teachers.

When We Have Wings

Simon and Schuster From one of golf's funniest, most popular players comes another hilarious look inside the pro sport and the people who play it. For nearly thirty years, Peter Jacobsen—player, entertainer, (off-) color commentator, TV host, golf-course designer, and entrepreneur—has been a favorite of fans and fellow golfers. Since his first book, *Buried Lies*, was published in 1993, a lot has happened—to him, to his colleagues, and

to the game itself—so it's high time he launched a mulligan. From Jack Nicklaus to Michelle Wie, Tiger Woods to Vijay Singh, Jacobsen takes you behind the scenes of the pro tour like no one else can, as he tells you what it's like to play the PGA and Champions tours simultaneously; how John Daly nearly decapitated a spectator; what players really say to each other in the locker room; why you should never loan your caddy to Tiger Woods; what made Arnold Palmer change his shorts; and how Jacobsen won the U.S. Open (well...kind of). Throughout, it's a book filled with wit, warmth, insight, and just plain fun: a pure delight. So grab your sticks and strap on your

nails—let's go another round. "Required reading for all golf fans who long for a glimpse of the humanity behind their heroes' furrowed brows."—Booklist "A must read for every golfer or fan of the sport."—Phil Mickelson, 2004 Masters champion
Swing the Handle, Not the Clubhead Penguin
The Red Gold is the third book in The Viking Series. After a disastrous fire, Sigve the Awful decides to rebuild the old hall, but in one of the post holes, the thralls find a gold hoard hidden under the stone footing. It's a huge treasure trove, but how big is it? And who buried the gold? Sigve's guardsmen have spotted a large warship sailing towards Vik, and in order to

defend the gold, the young chieftain may once again depend on Yljali, his thrall lover. Only she can unleash the hidden powers of his magic sword. Yljali, however, is in labour, giving birth to Sigve's child. In this third book, Sigve finds himself becoming ever more deeply ensnared in the politics and wars of the turbulent world of the Viking kings. The young and unexperienced leader must use all his wits and strength to defend his property and his people. He may even depend on the gods.

Embrace the Night
 Penguin
 When I was in South Africa, the children in the public schools were singing, Jesus loves me. When I told them that we in America could no longer do that, one of the high school girls asked me two questions: Is that true? and Why did you let it happen? That is what I am wondering as I write this book. How did this happen in America? Why did we allow it to happen? What are we going to do about it?

[Common Sense Clubfitting, the Wishon Method](#) Knopf

Golf was the most popular stick and ball game throughout the 1800s in the UK, but it wasn't the golf played in Scotland. It was 'poor man's golf' as played throughout all the former Danelaw area of England and more properly called knur and spell. This game was played by thousands of players, in hundreds or even thousands of locations, across a very wide area. It was played for

centuries in all the northern counties of England including the ones which border on Scotland. It was even played in Scotland itself and was also played in Australia. Strangely enough, the Scots rarely give this game a mention when they talk about the origins of golf. How does that work?

Putting Out Of Your Mind Crown Archetype
Do you suck at golf? Do you know someone who does? While written in a tongue-in-cheek style, *Why You Suck at Golf* is an informative and education manual chronicling the most common mistakes golfers make when playing this wondrous game. From arriving too late for your tee time, to trying to keep your head too still, if

there is a common, easily correctible mistake a golfer makes it is in this book. 52 chapters in all, each discussing a mistake and how to correct it. So whether you want to have a little dig at the golfaholic among your friends or family, or serious about eradicating shot-costing mistakes in your game, "Why You Suck at Golf" is a must read. Written by Teaching Professional Clive Scarff, author of the #1 ranked "Hit Down Dammit " golf instruction book, also available on Amazon. *Ben Hogan's Five Lessons* Oxford University Press, USA The War & Peace of golf. A quaint old classic from 1946, with an intro by the Duke of Windsor. It's good advice, and seriously,

this game has hardly changed a whit in 50 years!

Remarkable Golf Courses Simon and Schuster

The author of nine novels, three collections of short stories, and two critical works, Caroline Gordon produced an impressive--though unjustly neglected--body of work. Her considerable contributions to modern Southern fiction notwithstanding, her life was especially fascinating for two other reasons: the prominent literary circles in which she moved and her heroic efforts to "have it all"-- marriage, career, and family--at a time when such aspiration was neither touted nor supported. Sensitive, engaging, and richly

detailed, this biography captures Gordon's life in all its multiple layers. As the wife of the poet Allen Tate, Gordon became intimately connected with members of the Fugitive/Agrarian circle, notably Robert Penn Warren and Andrew Lytle. As the Fugitives expanded their vision from Southern to modernistic approaches to literature, Gordon's circle of friends and acquaintances grew to include Ford Madox Ford, T.S. Eliot, Katherine Anne Porter, Scott and Zelda Fitzgerald, Ernest Hemingway, Flannery O'Connor, Walker Percy, Eudora Welty, Robert Lowell, Maxwell Perkins, Hart Crane, William Faulkner, and many others. Even

more intriguing, though, is Gordon's story as a Southerner, a woman, and a writer--roles that, for her, were as often mutually exclusive as synergistic. Her life was in some ways similar to that of Zelda Fitzgerald: the Southern belle with the writer-husband and artistic aspirations of her own. Unlike Zelda, Caroline Gordon did not collapse under the strain, although there were prices she paid--particularly in her intense and tangled relationship with Allen Tate, whose work overshadowed her own (or so it seemed to her) and whose philanderings were a continual source of strain and jealousy. In addition to following the windings of Gordon's life--through

New York and Tennessee, through England and Paris-- Veronica Makowsky looks closely at Gordon's key works-- including such novels as *Penhally*, a complex family saga that was her first published book; *Aleck Maury, Sportsman*, the much loved classic for which she is still remembered; *The Malefactors*, a portrait of an aging poet modeled after Tate; and her much admired short stories. In conducting her research, Makowsky interviewed Gordon shortly before her death in 1981 and also received the full cooperation of Gordon's family in gaining access to the novelist's papers. From such rich sources she has produced a

compellingly readable portrait of a remarkable woman. *Swing the Handle, Not the Clubhead*
Very few golfers naturally find the elite golf swing--but it does exist. Golf science has helped reveal the *Stock Tour Swing*--the swing that exhibits the movement patterns common to all elite golfers. This book presents a problem-solving method to evolve your swing into the *Stock Tour Swing*, using a key framework that asks: What should the club do? How can the body do that? What are the best ways to train that? This program will teach you to understand the elite swing. It will teach you to understand your own swing. By the end of this program, you will be able to self-

coach--to participate in your own improvement and manage your game. You will have a true understanding of what makes your swing work, why you struggle with certain areas, and what you can do to train for long-term improvement.

How to Kill the Ball - the Mike Austin

Method Northwestern University Press
Supported by state-of-the-art motion analysis research, "short game guru to the pros" James Sieckmann unveils his "finesse wedge" swing -- a proven and pragmatic way to learn, practice, and perform with each wedge in the bag in every situation -- and shows players that upgrading their short game is possible. Since James Sieckmann first revealed his short-

game methods two decades ago, he has amassed a cultlike following of more than seventy PGA and LPGA Tour disciples and has been dubbed the "short-game guru to the pros" (GOLF Magazine). Using his system, several of Sieckmann's students have become some of the best short-game players of the modern era. A two-time winner on the PGA Tour jumped 117 spots in the Sand Save rankings in one season; another client quickly jumped 81 spots in Scrambling percentage. The benefits of a good short game are undisputed. Unfortunately, players at all levels fail to develop effective short-game skills because instructors teach the exact

opposite of the correct technique. Sieckmann studied the greatest short-game players in recent memory—including Seve Ballesteros, Corey Pavin, and Raymond Floyd—to develop a proven and pragmatic way to learn, practice, and perform with each wedge in every situation. His unique observations, which were later verified by motion capture technology, work equally well for amateurs and pros. In his long-awaited first book, Sieckmann opens up his vault of secrets for all golfers. After breaking down the basics, he presents a session-by-session training and practice guide—the same one he creates for his tour clients—to help the reader develop and

sustain correct habits, avoid common flaws, and master essential skills. Next, Sieckmann explains how to optimize a player’s wedge swing for every scenario. An easy-to-learn and easy-to-use system, Your Short Game Solution will be the go-to guide anywhere golf is played.

Jay McGraw's Life Strategies for Dealing with Bullies

Knopf

"Every day after that, Danny does something to frighten Craig....Craig is smaller and far too scared to tell even his parents, let alone his teachers. He is miserable. And every day, Danny tries harder to make it worse." On the internet, on playgrounds, and in schools across the

country, thousands of elementary and middle school kids are picked on, teased, and harassed by bullies. It's something that can jeopardize a child's development -- unless they have the tools to help stop bullying in its tracks. In Jay McGraw's *Life Strategies for Dealing with Bullies*, McGraw helps kids identify potentially harmful situations and deal with bullies through tips, techniques, and examples that apply to real-life situations. Jay doesn't just speak about the bullies -- he also speaks to the bullies themselves to help them change their ways. Jay takes a no-nonsense approach to bullying and the ways readers can handle it. This timely and much-needed book will be

the tool kids across the country can use to stop being victims -- and take back the power in their lives.

The Grand Slam

Globe Pequot

Two of America's most popular authorities on healthy eating and cooking join forces in this inspiring, easy-to-use cookbook. This is not a diet book. It is a lively guide to healthy cooking, day-by-day, packed with essential information and, above all, filled with enticing food. Andrew Weil, M.D.—author of the best-selling *Eating Well for Optimum Health*—brings to this perfect collaboration a comprehensive philosophy of nutrition grounded in science. Rosie Daley—acclaimed for her best-seller, *In the Kitchen with*

Rosie—brings to it her innovative and highly flavorful spa cuisine. The recipes are eclectic, drawing from the healthy and delicious cooking of the Middle East, the Mediterranean, and Asia, among other cuisines. For starters, you might try Grilled Satay or a Miso Pâté; for soup, often a meal in itself, a hearty Mixed-Bean Minestrone Stew or a Roasted Winter Squash and Apple Soup with Cilantro Walnut Pesto; a special entrée could be the Savory Roasted Cornish Hens with Roasted Garlic or Baked Spicy Tofu with Bean Thread Noodles, Corn, and Mango; for a simple supper, Turkey Burgers or Portobello Burgers; and for the occasional indulgence, a dessert of Almond

Fruit Tart or Peach and Blueberry Cobbler. Andy and Rosie do not always agree. When Rosie calls for chicken, Andy offers a tofu alternative; she likes the flavor of coconut milk, whereas he prefers ground nut milk; when she makes a pastry with butter, he suggests using Spectrum Spread. There are no hard-and-fast rules. Lifelong health begins in the kitchen, so this is a lifestyle book as well as a cookbook. In it you will learn from Dr. Weil:

- how to make use of nutritional information in everyday cooking
- what is organic . . . and how to buy organic foods
- the importance of reading labels and what to look for
- sensible advice about eggs, milk, cheese, salt, spicy foods, wine,

coffee • the facts about sugar and artificial sweeteners . . . and from Rosie: • how to get kids involved—from skinning almonds to layering lasagna • ways to have fun in the kitchen—creating scallion firecrackers and radish rosettes • low-fat and nondairy alternatives for those with special concerns • smart menu planning—letting the seasons be your guide . . . and lots more. This revolutionary book will change forever the way you cook for yourself and your family. With 58 photographs in full color.

Stock Tour Swing

Digital Stories

From 50 yards and in, no golfer in history has demonstrated more talent, flair, creativity

and precision, or generated more raw excitement, than Phil Mickelson. His ability with the sand wedge and putter are legendary not only among fans but his peers as well, and it is his skill with those clubs that is primarily responsible for his winning 34 tournaments on the PGA Tour, including three major championships. In his first-ever instruction book, Mickelson explains in detail how to master every phase of the short game. Mickelson maintains that any golfer of average ability can become a deadly short-game player by approaching the subject with a blend of science (proper mechanics and setup) and art (imagination

and feel). Mickelson does a fine job explaining both; combining the wisdom of his great teachers with his own fertile imagination, cultivated from 34 years of experimentation, trial and error. No golfer can afford to miss out on Mickelson's secrets and tips.

Your Short Game

Solution Harper Collins
 NEW YORK TIMES
 BESTSELLER * "One of the best golf books this century." —Golf Digest
 Tom Coyne's *A Course Called Scotland* is a heartfelt and humorous celebration of his quest to play golf on every links course in Scotland, the birthplace of the game he loves. For much of his adult life, bestselling author Tom Coyne has been chasing a golf ball

around the globe. When he was in college, studying abroad in London, he entered the lottery for a prized tee time in Scotland, grabbing his clubs and jumping the train to St. Andrews as his friends partied in Amsterdam; later, he golfed the entirety of Ireland's coastline, chased pros through the mini-tours, and attended grueling Qualifying Schools in Australia, Canada, and Latin America. Yet, as he watched the greats compete, he felt something was missing. Then one day a friend suggested he attempt to play every links course in Scotland and qualify for the greatest championship in golf. The result is *A Course Called Scotland*, "a fast-moving, insightful,

often funny travelogue encompassing the width of much of the British Isles” (GolfWeek), including St. Andrews, Turnberry, Dornoch, Prestwick, Troon, and Carnoustie. With his signature blend of storytelling, humor, history, and insight, Coyne weaves together his “witty and charming” (Publishers Weekly) journey to more than 100 legendary courses in Scotland with compelling threads of golf history and insights into the contemporary home of golf. As he journeys Scotland in search of the game’s secrets, he discovers new and old friends, rediscovers the peace and power of the sport, and, most importantly, reaffirms the ultimate

connection between the game and the soul. It is “a must-read” (Golf Advisor) rollicking love letter to Scotland and golf as no one has attempted it before. *The Big Miss* Penguin The Big Miss is Hank Haney’s candid and surprisingly insightful account of his tumultuous six-year journey with Tiger Woods, during which the supremely gifted golfer collected six major championships and rewrote golf history. Hank was one of the very few people allowed behind the curtain. He was with Tiger 110 days a year, spoke to him over 200 days a year, and stayed at his home up to 30 days a year, observing him in nearly every circumstance: at tournaments, on the practice range, over

meals, with his wife, Elin, and relaxing with friends. The relationship between the two men began in March 2004 when Hank received a call from Tiger in which the golf champion asked him to be his coach. It was a call that would change both men's lives. Tiger—only 28 at the time—was by then already an icon, judged by the sporting press as not only one of the best golfers ever, but possibly the best athlete ever. Already he was among the world's highest paid celebrities. There was an air of mystery surrounding him, an aura of invincibility. Unique among athletes, Tiger seemed to be able to shrug off any level of pressure and find a way to win. But Tiger was always

looking to improve, and he wanted Hank's help. What Hank soon came to appreciate was that Tiger was one of the most complicated individuals he'd ever met, let alone coached. Although Hank had worked with hundreds of elite golfers and was not easily impressed, there were days watching Tiger on the range when Hank couldn't believe what he was witnessing. On those days, it was impossible to imagine another human playing golf so perfectly. And yet Tiger is human—and Hank's expert eye was adept at spotting where Tiger's perfection ended and an opportunity for improvement existed. Always haunting Tiger was his fear of "the big

miss”—the wildly inaccurate golf shot that can ruin an otherwise solid round—and it was because that type of blunder was sometimes part of Tiger’s game that Hank carefully redesigned his swing mechanics. Hank’s most formidable coaching challenge, though, would be solving the riddle of Tiger’s personality. Wary of the emotional distractions that might diminish his game and put him further from his goals, Tiger had developed a variety of tactics to keep people from getting too close, and not even Hank—or Tiger’s family and friends, for that matter—was spared “the treatment.” Toward the end of Tiger and Hank’s time

together, the champion’s laser-like focus began to blur and he became less willing to put in punishing hours practicing—a disappointment to Hank, who saw in Tiger’s behavior signs that his pupil had developed a conflicted relationship with the game. Hints that Tiger hungered to reinvent himself were present in his bizarre infatuation with elite military training, and—in a development Hank didn’t see coming—in the scandal that would make headlines in late 2009. It all added up to a big miss that Hank, try as he might, couldn’t save Tiger from. There’s never been a book about Tiger Woods that is as intimate and revealing—or one so

wise about what it takes to coach a superstar athlete.
