John G. Paton's accounts of evangelism among the South Sea Cannibals are extraordinary, but what sets this book apart is that it contains one of the finest testimonies of multi-generational love and devotion between a father and son found outside the Scriptures. In this autobiographical account, Paton describes how his father's love and training prepared him to endure bitter hardship, to persevere against unspeakably difficult circumstances, and to resist sin. Because of his father's faithful example, Paton was able to love and lead to Christ the very people who tried to eat his wife and child.

Khrisna of India. Thammuz of Syria. Esus of the Celtic Druids. Mithra of Persia. Quexalcoati of Mexico. All were crucified gods, and all met their fates hundreds of years before Jesus appeared on the scene. In this foundational work of modern atheism, American spiritualist KERSEY GRAVES (1813-1883) breaks the Christ myth down into its component parts and ably demonstrates how the story of Jesus has its roots in the depths of antiquity. Here you'll read about the surprising prevalence throughout global folklore of: . the miraculous and immaculate conception of the gods . stars that point out the time and place of a savior's birth . angels, shepherds, and magi visiting an infant savior . the 25th of December as the universal birth date of gods . saviors who descend into Hell . and much more. This is essential reading

for students of comparative mythology and modern freethinkers. Also available from Cosimo: Graves's *The Biography of Satan and The Bible of Bible*.

A literary history of our most influential book of all time, by an Oxford scholar and Anglican priest In our culture, the Bible is monolithic: It is a collection of books that has been unchanged and unchallenged since the earliest days of the Christian church. The idea of the Bible as "Holy Scripture," a non-negotiable authority straight from God, has prevailed in Western society for some time. And while it provides a firm foundation for centuries of Christian teaching, it denies the depth, variety, and richness of this fascinating text. In *A History of the Bible*, John Barton argues that the Bible is not a prescription to a complete, fixed religious system, but rather a product of a long and intriguing process, which has inspired Judaism and Christianity, but still does not describe the whole of either religion. Barton shows how the Bible is indeed an important source of religious insight for Jews and Christians alike, yet argues that it must be read in its historical context--from its beginnings in myth and folklore to its many interpretations throughout the centuries. It is a book full of narratives, laws, proverbs, prophecies, poems, and letters, each with their own character and origin stories. Barton explains how and by whom these disparate pieces were written, how they were canonized (and which ones weren't), and how they were assembled, disseminated, and interpreted around the world--and, importantly, to what effect. Ultimately, *A History of the Bible* argues that a thorough understanding of the history and context of its writing encourages religious communities to move away from the Bible's literal wording--which is impossible to determine--and focus instead on the broader meanings of scripture.

In the contemporary Church, educating the faithful about stewardship and implementing a stewardship program may be a challenging endeavour. Dr John G. Panagiotou has a mindset and

understanding that is rooted in the Biblical and Patristic faith tradition of Orthodox Christianity and that is evident on every page of this book. In viewing it through the lens of this perspective, stewardship is not seen as an optional matter of insignificance, but rather as a necessity of authentic spiritual life and growth. In exploring the concept of Christian stewardship from its historical Christian contexts, Dr. Panagiotou provides a sound foundation for stewardship as a way of life. The reader will find how Christian stewardship is a fulfillment of one's personhood in Christ as a cooperative synergy between God and man in the mission of proclaiming the coming of God's Kingdom on earth.

A History of the Bible Black Classic Press

We don't usually identify with the author of a great story. Instead we bond with the hero and heroine--the ones that the story is about. We share in their heartaches and triumphs. We cheer their accomplishments and mourn their losses. When we think about our own story, we may see God as the author--an omniscient and omnipotent cosmic mastermind--but fail to recognize Him as the central character. In *Epic*, a retelling of the gospel in four acts, John Eldredge invites us to revisit the drama of life, viewing God not only as the author but also as the lead actor, exploring His motives and His heart. Eldredge examines the power of story, the universal longing for a "plot" that makes sense deep inside us, our desire for a meaningful role to play, our love of books and movies, and how all of this points us to the gospel itself. It's a story better than any fairy tale! Our human hearts are made for great drama, and the gospel, with its tragedy and grandeur, truly is epic. Also available as an unabridged audio on CD, as well as hardcover Spanish edition.

The author praises Gratian's zeal for instruction in the Faith, and speaks lowly of his own merits. Taught of God Himself, the Emperor stands in no need of human instruction; yet this his devoutness prepares the way to victory. The task appointed to the author is difficult: in the accomplishment whereof he will be guided not so much by reason and argument as by authority, especially that of the Nicene Council.

When it comes to understanding what Scripture says about men

and women, those on both sides of the debate can and do marshal strong evidence from the Bible. Does the Bible contradict itself then? Not so. John Stackhouse describes the single approach in Scripture that guides us with clear direction and moves us beyond the impasse in this important debate.

Brigham Young was a rough-hewn New York craftsman whose impoverished life was electrified by the Mormon faith. Turner provides a fully realized portrait of this spiritual prophet, viewed by followers as a protector and by opponents as a heretic. His pioneering faith made a deep imprint on tens of thousands of lives in the American Mountain West.

Jesus Christ did not die on the cross so you and I could have a nice day. Ministers and teachers who water down the gospel of Christ in order to make it more popular and appealing may be leading their fun-loving audiences down the road to eternal punishment. This book is John MacArthur's unflinching, unapologetic treatise on the modern tendency to alter the true message of Christianity in order to meet the whims and desires of a culture hoping for nonconfrontational messages, easy answers, and superficial commitments. Too many people just want a Madison Avenue Jesus to make them well, make them happy, and make them prosperous. But Jesus Christ isn't a personal genie. He is the Savior. He died in agony to satisfy the wrath of a holy God and to forgive the sins of humankind. Faith in Him demands a willingness to make any sacrifice He asks. The hard truth about Christianity is that the cost is high, but the rewards are priceless: abundant and eternal life that comes only from faithfully following Christ.

What should be the Christian's attitude toward society? When so much of our contemporary culture is at odds with Christian beliefs and mores, it may seem that serious Christians now have only two choices: transform society completely according to Christian values or retreat into the cloister of sectarian fellowship. In *Making the Best of It*, John Stackhouse explores the history of the Christian encounter with society, the biblical record, and various theological models of cultural engagement to offer a more balanced and fruitful alternative to these extremes. He argues that, rather than trying to root up the weeds in the cultural field, or trying to shun them, Christians should practice persistence in gardening God's world and building toward the New Jerusalem. Examining the lives and works of C. S. Lewis, Reinhold Niebuhr, and Dietrich Bonhoeffer for example and direction, Stackhouse suggests that our mission is to make the most of life in the world in cooperation with God's own mission of redeeming the world he loves. This model takes seriously the pattern of God's activity in the Bible, and in subsequent history, of working through earthly means--through individuals, communities, and institutions that are deeply flawed but nonetheless capable of accomplishing God's purposes. Christians must find a way to live in this world and at the same time do work that honors God and God's plan for us. In an era of increasing religious and cultural tensions, both internationally and domestically, the model that Stackhouse develops discourages the "all or nothing" attitudes that afflict so much of contemporary Christianity. Instead, he offers a fresh, and refreshingly nuanced, take on the question of what it means to be a Christian in the world today.
