The second book in The Mortimers: Wealthy & Wicked series by international bestselling author Zara Cox becomes scandalously sexy when Neve Nolan vows to get even with the ruthless Damian Mortimer in the boardroom...by getting on top in the bedroom! The irresistible Damian Mortimer nearly destroyed me. First, he gave me mind-blowing pleasure in the bedroom—then

he tricked me out of a business deal. Now we're both mentors on a TV show for budding entrepreneurs, and I'm not going to let him fool me again. My plan for revenge is simple: sex. The only problem is that Damian is even more devastatingly handsome than I remember. The idea of pleasurable payback excites me, but his body and what he does to me excite me far more. And being close to him has shown me how sensitive and passionate he is. Yes, he hurt me—but he's been on the receiving end of his fair share of pain. I don't know what's in store for me and Damian Mortimer...but I know I'll enjoy finding out! Sexy. Passionate. Bold. Discover Harlequin Dare, a new line of fun, edgy and sexually explicit romances for the fearless female.

Hi, I'm Keshav, and my life is screwed. I hate my job and my girlfriend left me. Ah, the beautiful Zara. Zara is from Kashmir. She is a Muslim. And did I tell you my family is a bit, well, traditional? Anyway, leave that. Zara and I broke up four years ago. She moved on in life. I didn't. I drank every night to forget her. I called, messaged, and stalked her on social media. She just ignored me. However, that night, on the eve of her birthday, Zara messaged me. She called me over, like old times, to her hostel room 105. I shouldn't have gone, but I did ... and my life changed forever. This is not a love story. It is an un-love story. From the author of Five Point Someone and 2 States, comes a fast-paced, funny and unputdownable thriller about obsessive love and finding purpose in life against the backdrop of contemporary India.

In a vast and all-embracing study of Africa, from the origins of

mankind to the AIDS epidemic, John Iliffe refocuses its history on the peopling of an environmentally hostile continent. Africans have been pioneers struggling against disease and nature, and their social, economic and political institutions have been designed to ensure their survival. In the context of medical progress and other twentieth-century innovations, however, the same institutions have bred the most rapid population growth the world has ever seen. *Africans: The History of a Continent* is thus a single story binding living Africans to their earliest human ancestors.

'An interesting and important account.' Daily Telegraph Have you ever stopped and wondered where your jeans came from? Who made them and where? Ever wondered where they end up after you donate them for recycling? Following a pair of jeans, *Clothing Poverty* takes the reader on a vivid around-the-world tour to reveal how clothes are manufactured and retailed, bringing to light how fast fashion and clothing recycling are interconnected.

Andrew Brooks shows how recycled clothes are traded across continents, uncovers how retailers and international charities are embroiled in commodity chains which perpetuate poverty, and exposes the hidden trade networks which transect the globe. Stitching together rich narratives, from Mozambican markets, Nigerian smugglers and Chinese factories to London's vintage clothing scene, TOMS shoes and Vivienne Westwood's ethical fashion lines, Brooks uncovers the many hidden sides of fashion. *Worth the Risk* Beaverstone Press GmbH (LLC)

From the author of *To Hell and Back*, a fascinating and original exploration of how the Third Reich was willing and able to fight to the bitter end of World War II. Countless books have been written about why Nazi Germany lost the Second World War, yet remarkably little attention has been paid to the equally vital questions of how and why the Third Reich did not surrender until Germany had been left in ruins and almost completely occupied. Drawing on prodigious new research, Ian Kershaw, an award-winning historian and the author of *Fateful Choices*, explores these fascinating questions in a gripping and focused narrative that begins with the failed bomb plot in July 1944 and ends with the death of Adolf Hitler and the German capitulation in 1945. *The End* paints a harrowing yet enthralling portrait of the Third Reich in its last desperate gasps.
