Eventful Cities Routledge

Processes of globalization, economic restructuring and urban redevelopment have placed events at the centre of strategies for

change in cities. Events offer the potential to achieve economic, social, cultural and environmental outcomes within broader urban development strategies. This volume: * analyzes the process of cultural event development, management and marketing and links these processes to their wider cultural, social and economic context * provides a unique blend of practical and academic analysis, with a selection of major events and festivals in cities where 'eventfulness' has been an important element of development strategy * examines the reasons why different stakeholders should collaborate, as well as the reasons why cities succeed or fail to develop events and become eventful
 Eventful Cities evaluates theoretical perspectives and links theory and practice through case studies of cities and events across the world. Critical success factors are identified which can help to guide cities and regions to develop event strategies. This book is essential reading for any undergraduate or graduate student and all practitioners and policy-makers involved in event management, cultural management, arts administration, urban studies, cultural studies and tourism.

Justice of the Peace and County, Borough, Poor Law Union and Parish Law Recorder Wentworth Press

This ebook is a selective guide designed to help scholars and students of Islamic studies find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books, chapters, and

journal articles to online archives, electronic data sets, and blogs. Written by a leading international authority on the subject, the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related. This ebook is a static version of an article from Oxford Bibliographies Online: Renaissance and Reformation, a dynamic, continuously updated, online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study of European history and culture between the 14th and 17th centuries. Oxford Bibliographies Online covers most subject disciplines within the social science and humanities, for more information visit www.oxfordbibliographies.com.
