How to maintain optimum testosterone levels for the male body through the use of herbs, nutritional supplements, and diet • Explains the phenomenon of male menopause and how to deal with it • Reveals scientific evidence of testosterone-blocking agents in the environment that alter men's essential chemistry as they age • Presents safe, organic plant medicines that can restore optimum testosterone levels • Contains the most up-to-date natural treatments for impotence, infertility, and prostate disease The recognition of andropause, the middle-age stage in male development comparable to women's menopause, is hampered by the lack of a clear outward manifestation of the chemistry and physiology specific to aging men. Men are still capable of reproduction well into and beyond middle age. Yet a man's sexual desire and potency varies, often according to his testosterone level. Recent studies show that the lowered testosterone levels endemic in aging men--a gradual drop that is quite normal--are being exacerbated by environmental agents. Testosterone-blocking estrogen agents are present in insecticides, industrial materials, pharmaceuticals, and foods. Men are daily inundated with a "cocktail" of estrogen agents that alter the fine balance of testosterone that makes them male. But as recent medical research has revealed, testosterone replacement therapy with Low T drugs is not a good option because of the increased risk of cardiovascular problems, such as heart attack and stroke, and because the body can become dependent on pharmaceutical testosterone and stop producing any on its own. In this updated edition of The Natural Testosterone Plan, Stephen Harrod Buhner shows why men need help to maintain their testosterone levels as they age and explains how naturally occurring phytoandrogens--

plant medicines that contain male hormones--can safely remedy the depletion exerted by the environment. Buhner details how each phytoandrogen works, when its use is indicated, and the most appropriate method of application, providing all men with safe, natural, and effective means of maintaining optimum testosterone levels well into old age.

Sketches of Jewish Social Life in the Time of Christ Charisma Media

New York Times Best Selling book with over 300,000 copies sold and nearly 200 Five Star ***** reviews. This book, based on best-selling author Dr. Don Colbert's life message, reveals seven fundamental principles that will enable people to walk in and enjoy the health God intended.

Desiring God Whitaker House

Preached at Enfield, Connecticut on July 8, 1741, this is perhaps the greatest sermon ever preached in America—and is certainly among the most well known. Owing to its forthright dealing with God's wrath and His intense hatred of sin and the sinner, it is also one of the most controversial. Indeed, for more than three-quarters of the sermon Edwards lays down a relentless stream of the most vivid and horrifying descriptions of the danger facing unregenerate men. While it is difficult to read such graphic language, there is abundant hope in the sermon's conclusion. Edwards puts it this way, "And now you have an extraordinary opportunity, a day wherein Christ has thrown the door of mercy wide open and stands calling and crying with a loud voice to poor sinners." While those who would rather ignore God's justice in favor of His mercy condemn Edwards and his sermon, those who were present and actually heard him preach that day reacted in a decidedly different manner. According to the diary of Reverend Stephen Williams who attended the sermon, "Before the sermon was done there was a great moaning and crying through the whole House, 'what shall I do to be saved; oh, I am going to hell, etc.'" The diary goes on to indicate that Edwards had to interrupt

his sermon and come down to minister to those who were under such awful conviction. And so, in spite of what the scoffers might think or say, "the amazing and astonishing power of God" was manifested among the people that day—with many falling not into the hands of an angry God, but into the arms of a mighty Savior.
