JULISSA WALSH

A Girls Chase Guide Springer Nature
Nearly half of the children who lived in the cities of the late Italian Renaissance were under fifteen years of age. Grinding poverty, unstable families, and the death of a parent could make caring for these young children a burden. Many were abandoned, others orphaned. At a time when political rulers fashioned themselves as the "fathers" of society, these cast-off

children presented a very immediate challenge and opportunity. In Bologna and Florence, government and private institutions pioneered orphanages to care for the growing number of homeless children. Nicholas Terpstra discusses the founding and management of these institutions, the procedures for placing children into them, the children's daily routine and education, and finally their departure from these homes. He explores the role of the city-state and considers why Bologna and Florence took different paths in operating the orphanages. Terpstra finds that Bologna's orphanages

were better run, looked after the children more effectively, and were more successful in returning their wards to society as productive members of the city's economy. Florence's orphanages were larger and harsher, and made little attempt to reintegrate children into society. Based on extensive archival research and individual stories, *Abandoned Children of the Italian Renaissance* demonstrates how gender and class shaped individual orphanages in each city's network and how politics, charity, and economics intertwined in the development of the early modern state.

"Carefully researched and vigorously written."—Choice "A model blend of historical imagination, vivid and engaging writing, and careful scholarship."—Renaissance Quarterly "Terpstra has unearthed much rich material and offers readers a compelling analysis of the origins, roles, operations and development of children's homes in two important Italian cities . . . This work is a major contribution to the study of early modern orphanages."—H-Net Reviews "Superbly executed study."—Margaret L. King, *American Historical Review* "Important contribution to the history of early modern Europe."—*Journal of Modern History* "Vividly written."—*Confraternitas* "Profoundly researched."—*Journal of Social History* "A richly detailed and perceptive discussion of a fascinating topic."—*Sixteenth Century Journal* "A significant strength . . . in this soundly researched and well-written work is the connection it makes between the social and economic challenges the two cities faced and the development of networks of children's homes."—*Histoire sociale / Social History*
Game Changers Penguin

Which sort of seducer could you be? Siren? Rake? Cold Coquette? Star? Comedian? Charismatic? Or Saint? This book will show you which. Charm, persuasion, the ability to create illusions: these are some of the many dazzling gifts of the Seducer, the compelling figure who is able to manipulate, mislead and give pleasure all at once. When raised to the level of art, seduction, an indirect and subtle form of power, has toppled empires, won elections and enslaved great minds. In this beautiful, sensually designed book, Greene unearths the two sides of seduction: the characters and the process. Discover who you, or your pursuer, most resembles. Learn, too, the pitfalls of the anti-Seducer. Immerse yourself in the twenty-four manoeuvres and strategies of the seductive process, the ritual by which a seducer gains mastery over their target. Understand how to 'Choose the Right Victim', 'Appear to Be an Object of Desire' and 'Confuse Desire and Reality'. In addition, Greene provides instruction on how to identify victims by type. Each fascinating character and each cunning tactic demonstrates a fundamental truth about who we are, and the targets we've

become - or hope to win over. *The Art of Seduction* is an indispensable primer on the essence of one of history's greatest weapons and the ultimate power trip. From the internationally bestselling author of *The 48 Laws of Power*, *Mastery*, and *The 33 Strategies Of War*.
The Rhetoric of Sickness from Baudelaire to D'Annunzio Profile Books
The bestselling author of *Head Strong* and *The Bulletproof Diet* answers the question, "How can I kick more ass at life?" by culling the wisdom of world-class thought leaders, maverick scientists, and disruptive entrepreneurs to provide proven techniques for becoming happier, healthier, and smarter. When Dave Asprey started his *Bulletproof Radio* podcast more than five years ago, he sought out influencers in an array of disciplines, from biochemists toiling in unknown laboratories to business leaders changing the world to mediation masters discovering inner peace. His guests were some of the top performing humans in the world, people who had changed their areas of study or even pioneered entirely new fields. Dave wanted to know: What did they have in common? What mattered

most to them? What made them so successful—and what made them tick? At the end of each interview, Dave asked the same question: “What are your top three recommendations for people who want to perform better at being human?” After performing a statistical analysis of the answers, he found that the wisdom gleaned from these highly successful people could be distilled into three main objectives: finding ways to become smarter, faster, and happier. *Game Changers* is the culmination of Dave’s years-long immersion in these conversations, offering 46 science-backed, high performance “laws” that are a virtual playbook for how to get better at life. With anecdotes from game changers like Dr. Daniel Amen, Gabby Bernstein, Dr. David Perlmutter, Arianna Huffington, Esther Perel, and Tim Ferris as well as examples from Dave’s own life, *Game Changers* offers readers practical advice they can put into action to reap immediate rewards. From taming fear and anxiety to making better decisions, establishing high-performance habits, and practicing gratitude and mindfulness, Dave brings together the wisdom of today’s game-

changers to help everyone kick more ass at life.

A humorous guide for men on relationships with women covers a man's life from birth through high school, college, marriage, divorce, to death.

Humongous Book of Cartooning
Createspace Independent Publishing Platform

This book examines how sexual politics, specifically those surrounding the modernization of a consumer economy, are key to understanding the transformation of Spain from isolated dictatorship to modern state. It focuses on issues concerning modernity and the commodification of the female body under the dictatorship of Francisco Franco in the 1950s and 1960s. These two decades are critical to understanding this transformation because they coincide with the opening of markets, the freer movement of people in and out of the country through tourism and emigration, and the embracing of the "American way of life" popularized in Hollywood movies. From a gender perspective this "in between moment" in Homi Bhabha's

terms, from autarchy to consumerism favored the transition from the virginal female model, prescribed by the regime, (what the author calls "True Catholic Womanhood") to a seductive modern woman that the media sold to Spanish women. This study will add a significant piece to the growing corpus of literature on the body as an essential element of analysis in gender history and in the power dynamics of culture. It will help to fill a gap in the field of Spanish Cultural Studies in general and the emerging field of cultural Spanish history in particular. The originality of this study resides in Dr. Morcillo's use of feminist theories of the body to study archival sources of the Francoist years. Of special interest are the collections of Ministry of Culture and Administrative papers Women's Section of Falange at the Archivo General de la Administracion in Alcala de Henares. Also important are the works of intellectuals of the period, as well as health books, maternity and hygiene guides, conduct manuals, and documents produced by the Catholic Church hierarchy with regard to moral behavior and sexual mores that provide a textured analysis of gender

relations under the dictatorship. The author's interest in unveiling the regime's technologies of control of ordinary Spaniards is covered through the study of the media, printed press, and the movie industry of this period particularly the so-called New Spanish Cinema inaugurated in the 1960s, illustrating how ads and films shaped and contested the regime's vision of modernity and gender roles. Through the production of dual versions of films the censorship process utilized women's cinematic bodies to present a more liberal image of Spain in the international scene. While nudity was allowed in the international versions the domestic productions continued to cut the customary kiss. The economy of desire displayed in today's Almodovar's films is already present in movies like *La Tia Tula* by Miguel Picazo (1964). This book will be essential for scholars and students interested in Ibero-American cultural studies, gender, religion, and totalitarian politics.

The Seduction of Modern Spain

HarperCollins UK

In the bestselling tradition of Rosamund Pilcher, a gloriously romantic novel of

secrets and history, from the author of the highly popular *THE CORNISH HOUSE*. Running out on your wedding day never goes down well. When the pressure of her forthcoming marriage becomes too much, Jude bolts from the church, leaving a good man at the altar, her mother in a fury, and the guests with enough gossip to last a year. Guilty and ashamed, Jude flees to Pengarrock, a crumbling cliff-top mansion in Cornwall, where she takes a job cataloguing the Trevillion family's extensive library. The house is a welcome escape for Jude, full of history and secrets, but when its new owner arrives, it's clear that Pengarrock is not beloved by everyone. As Jude falls under the spell of the house, she learns of a family riddle stemming from a terrible tragedy centuries before, hinting at a lost treasure. And when Pengarrock is put up for sale, it seems that time is running out for the house and for Jude.

I Am Enough Routledge

Compound semiconductor devices form the foundation of solid-state microwave and optoelectronic technologies used in many modern communication systems. In common with their low frequency counterparts, these devices are often represented using equivalent circuit models, but it is often necessary to resort to physical models in order to gain insight into the detailed operation of compound semiconductor devices. Many of the earliest physical models were indeed developed to understand the 'unusual' phenomena which occur at high frequencies. Such was the case with the Gunn and IMPATI diodes, which led to an increased interest in using numerical simulation methods. Contemporary devices often have feature sizes so small that they no longer operate within the familiar traditional framework, and hot electron or even quantum mechanical models are required. The need for accurate and efficient models suitable for computer aided design has increased with the demand for a wider range of integrated devices for operation at microwave, millimetre and optical

frequencies. The apparent complexity of equivalent circuit and physics-based models distinguishes high frequency devices from their low frequency counterparts . . . Over the past twenty years a wide range of modelling techniques have emerged suitable for describing the operation of compound semiconductor devices. This book brings together for the first time the most popular techniques in everyday use by engineers and scientists. The book specifically addresses the requirements and techniques suitable for modelling GaAs, InP, ternary and quaternary semiconductor devices found in modern technology.

Cornell University Press

Spermatogenesis involves the coordination of a number of signaling pathways, which culminate into production of sperm. Its failure results in male factor infertility, which can be due to hormonal, environmental, genetic or other unknown factors. This book includes chapters on most of the signaling pathways known to contribute to spermatogenesis. Latest research in germ cell signaling like the role of small RNAs in spermatogenesis is

also discussed. This book aims to serve as a reference for both clinicians and researchers, explaining possible causes of infertility and exploring various treatment methods for management through the basic understanding of the role of molecular signaling. Key Features
Discusses the signaling pathways that contribute to successful spermatogenesis
Covers comprehensive information about Spermatogenesis at one place
Explores the vital aspects of male fertility and infertility
Explains the epigenetic regulation of germ cell development and fertility
Highlights the translational opportunities in molecular signaling in testis

Sexually Transmitted Infections in Adolescence and Young Adulthood

Ross Jeffries is founder of the worldwide seduction community and the creator of Speed Seduction(R). Since 1988, he's taught thousands of men from every walk of life how to enjoy the success with women they've always wanted, without the 5 B's: bullying, begging, buying, b.s. and booze. *Secrets of Speed Seduction Mastery* is the result of over a year of teaching and training the members in his elite coaching program. What you will read are the transcripts of his answers to students and instructional video modules, plus the transcripts of the twice a month

coaching calls. For more information on great RJ products, events, and consulting, go to: www.seduction.com. Viva La Seduccìon!

Quantum Sensing Experiments with Superconducting Qubits Bucknell University Press

'You know you're in for a treat when you open a Jenny Oliver book' Debbie Johnson Welcome to the most celebrated patisserie competition in Paris - ready, steady, bake! Please Understand Me Macmillan How do I keep her interested? Why is my relationship flailing? How do I keep her chasing me? How can I keep things fresh like the honeymoon phase?What exactly does it take to get your dream girl, keep her captivated, build your relationship to amazing heights, and live the most fulfilling relationship of your life? What is my relationship missing? Why do I feel like a second priority? How can I fit her into my life and still have time for myself?!Do any of those questions or concerns sound familiar?Inside Her (Mind) strives to answer all of those questions - and more! I've done my research on the female psyche and what makes them tick and love... and now I'm bringing you advanced

tactics and tips to figure your woman out and become the man they can't wait to tell their friends about! It doesn't matter if you're just crushing on someone, in a committed relationship, or even married! Universal differences require universal tips.Inside Her (Mind) isn't about playing games, acting like you're not interested, or manipulating her into wanting you! I tell you exactly how to truly step back and evaluate your relationship for all of its blemishes and strengths... and how to capitalize on those strengths, and constructively deal with those blemishes. These range from simple mindset shifts to powerful applications to help you discover the keys of attracting your ideal woman and keeping your relationship fresh and exciting... or beginning an amazing one. I'll truly help you get inside her mind and take advantage of the quirks of what we love/hate about women!Here's a preview of the powerful techniques you'll learn about:• Making sure you communicate affection and love in similar methods so no effort goes unnoticed.• Inspiring your woman, motivating her, and becoming her muse.• What exes have in common with Seal Team 6.• Why being an "asshole" and

being selfish have their place in relationships. As well as advanced perspectives such as... • THE best questions to determine whether or not she is THE ONE. • Why the pants in the relationship are meant for two and how to get them. • Translating your inner thoughts and habits and how they reflect on your feelings. • Why seizing your own independence and space will make her want you EVEN MORE. Finally discover how to keep your relationship exciting and the envy of all of her friends... and along the way discover if she's going to be your other half! Experience what a truly fulfilling relationship feels like, and unlock the potential that you've been missing. Learn to become the guy that will keep her seduced and attracted no matter what! Wouldn't it be nice to have a partner that fills your every need? Not to have to worry if she's getting bored or tired of your routine? Discover how happy your relationship has the potential to make you! Don't hesitate to pick up your copy of Inside Her (Mind) today by clicking above to download and see what you've been missing! P.S. Never have a relationship FIZZLE OUT on you again!

The Architecture of the City Lulu.com
Chris Hart's Humongous Book of Cartooning is a great value book covering everything the beginner needs to master cartooning. It teaches how to draw cartoon people, fantasy characters, layouts, background design and much more. This latest cartoon title from Chris Hart, the world's bestselling author of drawing and cartooning books, packs a wallop. It's the cartooning book that has it all: cartoon people, animals, retro-style "toons", funny robots (no one has ever done cartoon robots in a how-to book before, and movies like "Wall-E" and "Robots" were smash hits and prove their appeal), fantasy characters and even sections on cartoon costumes, character design, and cartoon backgrounds and composition. The Humongous Book of Cartooning is humongous, not only because it's so big, but also because it includes a huge amount of original eye-catching characters and copious visual "side hints" that Chris is famous for. There is more actual instruction in this book than in any other of Chris' cartooning titles. In short, if you want to know how to draw cartoons, Chris Hart's Humongous Book of Cartooning is

for you.

Abandoned Children of the Italian Renaissance JHU Press

"Illustrated ... volume of paintings, sculpture, medals, and drawings celebrates the extraordinary flowering of female portraiture, mainly in Florence, beginning in the latter half of the fifteenth century ... 97 color plates, 76 black-and-white illustrations"--Dustjacket.

Restore Your Love/Power Balance, Transform the Inner Voice That Holds You Back, and Find Your True Self-Worth
Hachette UK

"One of the most admired men in the world of seduction" (The New York Times) teaches average guys how to approach, attract and begin intimate relationships with beautiful women For every man who always wondered why some guys have all the luck, Mystery, considered by many to be the world's greatest pickup artist, finally reveals his secrets for finding and forming relationships with some of the world's most beautiful women. Mystery gained mainstream attention for his role in Neil Strauss's New York Times bestselling exposé, The Game. Now he has written the definitive handbook on the art of the

pickup. He developed his unique method over years of observing social dynamics and interacting with women in clubs to learn how to overcome the guard shield that many women use to deflect come-ons from "average frustrated chumps." The Mystery Method: How to Get Beautiful Women Into Bed shares tips such as: *Give more attention to her less attractive friend at first, so your target will get jealous and try to win your attention. *Always approach a target within 3 seconds of noticing her. If a woman senses your

hesitation, her perception of your value will be lower. *Don't be picky. Approach as many groups of people in a bar as you can and entertain them with fun conversation. As you move about the room, positive perception of you will grow. Now it's easy to meet anyone you want. *Smile. Guys who don't get laid, don't smile.

Secrets of the Female Psyche to Attract Women, Keep Them Sedu

Harper Collins

Aldo Rossi was a practicing architect and leader of the Italian architectural

movement La Tendenza and one of the most influential theorists of the twentieth century. The Architecture of the City is his major work of architectural and urban theory. In part a protest against functionalism and the Modern Movement, in part an attempt to restore the craft of architecture to its position as the only valid object of architectural study, and in part an analysis of the rules and forms of the city's construction, the book has become immensely popular among architects and design students.
