This practical grammar
book is the result of 16
years of teaching online
to adults and young

students located all over
the world. I believe that
French grammar should
not been a stumbling
block to learning the
language and should not
discourage learners of
French to embrace the
beautiful journey of
becoming fluent. Hence, I
felt that it was important
to explain the grammar
rules in English and in the
simplest way possible

without including too much grammar jargon, so that a beginner could grasp the essential elements of grammar to build sentences. Every grammar point is followed with exercises to practice what has been taught. Whenever possible, the answers are included in the back of the book (some answers are open ended questions and therefore have no right or wrong answers). This grammar book is aimed to teach A1 levels (total beginners) to the B1 level (intermediate level).

Perfect for self-study, but also ideal for supplementary grammar activities in the classroom. Step by step with a teacher or on their own, French learners can learn to construct their sentences and gain plenty of practice.
