The Guitar Handbook Wise Publications
Do you love sitting at home playing guitar, but find yourself playing the same old things over and over without making much progress? When other musicians invite you to jam, do you worry that you won't be able to keep up? Are you a veteran guitarist who has played for years, but you're embarrassed to admit you have no

idea what you're doing? If you want to take your guitar playing to the next level, compose songs like you hear on the radio, and improvise your own music, then you need Fretboard Theory. Fretboard Theory by Desi Serna teaches music theory for guitar including scales, chords, progressions, modes and more. The hands-on approach to theory shows you how music "works" on the guitar fretboard by visualizing shapes and patterns and how they connect to make music. Content includes: * Learn pentatonic and major scale patterns as used to play melodies,

riffs, solos, and bass lines * Move beyond basic chords and common barre chords by playing the types of chord inversions and chord voicings used by music's most famous players * Chart guitar chord progressions and play by numbers like the pros * Identify correct scales to play over chords and progressions so you can improvise at will * Create new sounds with music modes and get to know Ionian, Dorian, Phrygian, Lydian, Mixolydian, Aeolian and Locrian * Add variety to your playing by using intervals such as thirds, fourths, and sixths * Increase your chord

vocabulary by using added chord tones and extensions to play chord types such as major 7, minor 7, sus2, sus4, add9, and more * Learn how all the different aspects of music fit together to make a great song * See how theory relates to popular styles of music and familiar songs Fretboard Theory will have you mastering music like a pro easier and faster than you ever thought possible. Plus, it's the ONLY GUITAR THEORY RESOURCE in the world that includes important details to hundreds of popular songs. You learn how to play in the style of pop, rock, acoustic, blues, and more! This guitar instruction is perfect whether you want to jam, compose or just understand the music you play better. The material is suitable for both acoustic and electric guitar, plus it features many references to bass. Level: Recommended for intermediate level players on up. Video Fretboard Theory is also available as a 21-hour video series that is sold separately on the author's GuitarMusicTheory.com website. Visit the website and sign up for email lessons to sample the footage. Fretboard Theory Volume II When you're ready to take your playing to the next level, get the second

book in the series, Fretboard Theory Volume II, which is also available as a 12-hour video series.

Unlock essential guitar theory to boost your ability and confidence as a guitarist.

Easy language. Music reading not required! (includes audio lessons - see inside book for details) Inside the 12 chapters of this guitar theory book you'll learn about intervals, triads, major and minor keys, chord sequences - and understand how to apply them to your playing, improvising and songwriting. I'll use diagrams and simple, non-intimidating language to teach you in minutes, things which confuse some guitarists for years. This guitar music theory book is for you if: - You want to boost your music theory knowledge so you can become the guitar player you really want to be - You're a singer songwriter who needs to learn about chords, keys and chord progressions in order to write great songs (like you hear on recordings!) - You want to learn music theory but are unsure where to start - You're a student who needs a crash course in music theory essentials to prepare for college auditions, entrance exams etc - You're a beginner who wants to easily learn how music works as you take your first steps in learning to play guitar so you can avoid confusion, improve faster and learn more easily - You feel confused and intimidated by the 'jargon' you hear other

musicians or YouTube teachers use - You 'kind of' understand theory... but you're not really sure how well! What will this book teach you about? In the 12 lessons you'll find super clear explanations, practical examples and quiz questions on:

- The Musical Alphabet (the only 12 notes used in all music!)
- Tones and Semitones
- The Major Scale (learn what it actually is...)
- Major and Minor Triads (as used in most pop, country, rock and folk music)
- Major Scale Intervals (major 3rds, perfect 4ths...what are they?)
- Chromatic Intervals (discover what weird names like diminished and augmented really mean)
- Major Keys (Parts 1 & 2)
- Chord Progressions (start writing pro sounding chord sequences and songs of your own)
- Pentatonic Scales (the most common guitar scales ever...)
- The Natural Minor Scale (essential for minor key soloing in rock, pop and other styles)
- Minor Key Basics (learn the secrets of awesome minor key songs and chord sequences)

How will you learn and remember all this? Easy! Each chapter introduces a new element of guitar theory. You get a clear but detailed explanation of the concept and multiple examples/practical exercises,

FAQs and more to drive your understanding home. Test yourself using the quiz questions at the end of each chapter (answers supplied). To help you play certain practical examples there is also an appendix of common open chord shapes and barre chords at the back of the book. Plus, every chapter is also available to you as an audio file so you can immerse yourself in guitar theory whilst at the gym or walking the dog! You'll find details for these in the book. You Can Do This ... and without all the bull! 'No Bull Music Theory for Guitarists' will make your journey as a guitarist much more enjoyable and way less confusing than mine has been! As a self-taught 18 year old guitarist, it literally took me years to figure this stuff out. I've taught the material in this book to thousands of musicians around the world both in person and via my website, and I can tell you this: Learning about music theory doesn't need to be scary, confusing, difficult or something that you avoid doing because you don't know where to start. It's time to become the guitar player you know you could be!

Guitar Exercises for Beginners Graham Tippett

Unleash the song of your soul with Zen Guitar, a contemplative handbook that draws on ancient Eastern wisdom and applies it to music and performance. Each of us carries a song inside us, the song that makes us human. Zen Guitar provides the key to unlocking this song—a series of life lessons presented through the metaphor of music. Philip Sudo offers his own experiences with music to enable us to rediscover the harmony in each of our lives and open ourselves to Zen awareness uniquely suited to the Western Mind. Through fifty-eight lessons that provide focus and a guide, the reader is led through to Zen awareness. This harmony is further illuminated through quotes from sources ranging from Eric Clapton and Jimi Hendrix to Miles Davis. From those who have never strummed a guitar to the more experienced, Zen Guitar shows how the path of music offers fulfillment in all aspects of life—a winning idea and an instant classic.
