MANN JOURNEY

yes I said yes I will Yes. Houghton Mifflin Harcourt

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

Your presence is requested at romantic Twill Castle for the wedding of Miss Clio Whitmore and . . . and . . . ? After eight years of waiting for Piers Brandon, the wandering Marquess of Granville, to set a wedding date, Clio Whitmore has had enough. A ruthless prizefighter and notorious rake, Rafe is determined that Clio will marry his brother—even if he has to plan the dratted wedding himself. So how does a hardened fighter cure a reluctant bride's cold feet? He starts with flowers. Ladies can't have too many flowers. Or harps. Or cakes. He lets her know she'll make a beautiful, desirable bride— and tries not to picture her as his. He doesn't kiss her. If he kisses her, he definitely doesn't kiss her again. When all else fails, he puts her in a stunning gown and vows not to be nearby when the gown comes off. And no matter what—he doesn't fall in disastrous, hopeless love with the one woman he can never call his own.

At school, Connell is popular and well liked, while Marianne is a loner. But when the two strike up a conversation—awkward but electrifying—something life changing begins. A year later, they're both studying at Trinity College in Dublin. Marianne has found her feet in a new social world while Connell hangs at the sidelines, shy and uncertain. Throughout their years at university, Marianne and Connell circle one another, straying toward other people and possibilities but always magnetically, irresistibly drawn back together. And as she veers into self-destruction and he begins to search for meaning elsewhere, each must confront how far they are willing to go to save the other. *Normal People* is the story of mutual fascination, friendship and love. In high school, Kristen Welch wore a big, sparkly rhinestone “Jesus” pin to school every day and carried her Bible wherever she went. (Yes, she was that girl.) But she didn’t realize her faith, though sincere, was shallow; much like her artificial accessory, it would one day tarnish, no longer a true fit for who she was. As real life catapulted Kristen into places and situations she’d never imagined, there came a day when she stood shocked in the slums of Africa and realized in one desperate moment that Jesus wasn’t enough for her. At least . . . she wasn’t living like He was. On the brink of a risk bigger than any she’d ever taken, Kristen knew she didn’t stand a chance—unless she was willing to put aside the rhinestones and get branded by the real thing. Rhinestone Jesus is the story of one woman’s journey from comfortably living a safe, “good-girl” faith that didn’t cost much, to realizing that God was daring her to say yes to a bolder, more authentic, more dangerous way. This story of spiritual adventure throws the doors wide open for any woman who’s ever thought of herself as “just a mom.” Kristen will inspire and empower you to say yes to God right where you are—and stand amazed at how your life will shine.

Finding Opportunity in the Twenty-First Century HarperCollins

Rachel Scott and her killer Eric Harris both talked about starting a "chain reaction." Eric used violence to kill and destroy at Columbine High School. But Rachel chose another path. In a personal creed she wrote one month before her death in the Columbine tragedy, she explained her conviction that if one person goes out of his or her way to show compassion, it will start a world-changing chain reaction of kindness. For Rachel, this was a solemn calling. And now her father, Darrell Scott, is carrying on her crusade by challenging people of all ages to commit themselves to creating a revolution of compassion that can make a real difference in our troubled world. *Chain Reaction* spells out this challenge in compelling detail, providing moving examples of practical compassion and giving illustrations from Rachel's life and journals.

How One Abandoned Baby Inspired Me to Say Yes to God Hogarth

When the evening news reported a dead baby abandoned in a local dumpster, Linda Znachko's

comfortable life changed. She was suddenly convicted—God was asking her to provide a dignified burial for this tiny lost child. Linda said yes. She had no idea where that first small yes would lead. Linda found herself in places she never dreamed she would be: at the graveside of the child of an abused mother; by the side of a mother fighting for her lost child; and at the funeral of a Texas stripper who died two days before her baptism but left a legacy of love behind. When Linda stepped out of her comfort zone and into these implausible places with people she was unlikely to otherwise encounter, she discovered the life she never knew she wanted—a life of saying yes to God whenever He asks. Today, Linda has a ministry that gives children a name in life, and dignity and honor in death. When she shares her stories of broken lives redeemed, other broken people respond, and so the ripple effects of that long-ago yes continue to spread, touching lives that yearn for healing, and underscoring the fact that every life matters to God.

An Invisible Thread Penguin

I believe that there is one person in this world that can both break us and make us whole. One person who can love us more than life can hurt us. With this comes deep, intense passion, and a burning connection. But in turn, that person can destroy us, cut us, make us bleed in ways no other ever could. They have power over us. For me, that one person is Dash Black. He walked into my life in a rush of sunshine, in the darkness of heartache and uncertainty. We were broken apart, and whole together. He healed me. I believed I did the same for him. Until the past became the present, and every moment of suffering in his life consumed him. Instead of seeking refuge in me, he pushed me away. As the famous quote from an unknown author says, "If you love something, set it free. If it comes back, it's yours; if it doesn't, it never was." I've set Dash Black free. Now, I wait. When I Say Yes is the third and final book in the *Necklace Trilogy*.

In *The Myth of Persecution*, Candida Moss, a leading expert on early Christianity, reveals how the early church exaggerated, invented, and forged stories of Christian martyrs and how the dangerous legacy of a martyrdom complex is employed today to silence dissent and galvanize a new generation of culture warriors. According to cherished church tradition and popular belief, before the Emperor Constantine made Christianity legal in the fourth century, early Christians were systematically persecuted by a brutal Roman Empire intent on their destruction. As the story goes, vast numbers of believers were thrown to the lions, tortured, or burned alive because they refused to renounce Christ. These saints, Christianity's inspirational heroes, are still venerated today. Moss, however, exposes that the "Age of Martyrs" is a fiction—there was no sustained 300-year-long effort by the Romans to persecute Christians. Instead, these stories were pious exaggerations; highly stylized rewritings of Jewish, Greek, and Roman noble death traditions; and even forgeries designed to marginalize heretics, inspire the faithful, and fund churches. The traditional story of persecution is still taught in Sunday school classes, celebrated in sermons, and employed by church leaders, politicians, and media pundits who insist that Christians were—and always will be—persecuted by a hostile, secular world. While violence against Christians does occur in select parts of the world today, the rhetoric of persecution is both misleading and rooted in an inaccurate history of the early church. Moss urges modern Christians to abandon the conspiratorial assumption that the world is out to get Christians and, rather, embrace the consolation, moral instruction, and spiritual guidance that these martyrdom stories provide.

An exploration of why people all over the world love to engage in pain on purpose—from dominatrices, religious ascetics, and ultramarathoners to ballerinas, icy ocean bathers, and sideshow performers Masochism is sexy, human, reviled, worshipped, and can be delightfully bizarre. Deliberate and consensual pain has been with us for millennia, encompassing everyone from Black Plague flagellants to ballerinas dancing on broken bones to competitive eaters choking down hot peppers while they cry. Masochism is a part of us. It lives inside workaholics, tattoo enthusiasts, and all manner of garden variety pain-seekers. At its core, masochism is about feeling bad, then better—a phenomenon that is long overdue for a heartfelt and hilarious investigation. And Leigh Cowart would know: they are not just a researcher and science writer—they're an inveterate, high-sensation seeking masochist. And they have a few questions: Why do people engage in masochism? What are the benefits and the costs? And what does masochism have to say about the human experience? By participating in many of these activities themselves, and through conversations with psychologists, fellow scientists, and people who seek pain for pleasure, Cowart unveils how our minds and bodies find meaning and relief in pain—a quirk in our programming that drives discipline and innovation even as it threatens to swallow us whole.
