English Grammar, Past and Present, in Three Parts ... Goyal Brothers Prakashan

The plan that has been followed in preparing this book is to carry the student's mind gradually forward from the more easy to the less easy, from the better known to the unknown. The present book is an adaptation of a manual prepared by the same author in India, where English is studied with extraordinary keenness, in

an attempt to find the best means of teaching it. It is best to assume that the average student does not know very much to start with, and that every student must be well versed in the principles of modern English, before he can be qualified to begin the much more difficult task of tracing these to their sources. -- from the preface.

The most important part of this self-study course is confidence building measures because it has been found from the long experience that biggest problem in the

path of fluently speaking a foreign language is hesitation, that arises out of lack of confidence. Many people, who have good command over the language and are well are of its grammar and composition, can't speak the language fluently. Why? The answer is simple. While speaking they try to construct a sentence in their mother language and do the mental translation before uttering a single line. This creates not only confusion but utter chaos in their mind. As a result they feel great hesitation to speak simple sentences. In some cases, however, the problem is more complex, as they lack the basic knowledge of the English language. Rapidex English Speaking Course takes care of both the cases. So, what are you waiting for? Go ahead and discover the secret of fluency in English speaking. Explore and develop your hidden potential and face the world with a new-found confidence and smartness. Only the sky should be your limit. No matter which language you know or speak, be it Hindi, Marathi, Gujarati, Tamil, Telegu, Assami, Oriya, Kannad, Punjabi, Bengali, Nepali or Urdu, with the help of this book English will no more be a foreign language for you. real time, as the characters deal with the most everyday of situations and encounters. The characters are thus effectively developed and rounded, engaging the reader. The dramatic format ensures that the reader's attention is focused on the language. This is effectively conveyed, including many colloquialisms that cannot be learned at school. This piece should prove an effective learning aid, both of the English language and the American way of life.
