Tonight with John Oliver (HBO) Good Will Hunting | 'It's Not Your Fault' (HD) - Matt Damon, Robin Williams | MIRAMAX Survivor Recalls 1918 Flu Pandemic That Killed 50 Million People Globally | NowThis Plagues And Peoples By William Plagues and Peoples considers the influence of infectious diseases on the course of history, and McNeill pays special attention to the Black Death of the 13th and 14th centuries, which killed millions across Europe and Asia. (At one point, writes McNeill, 10,000 people in Constantinople alone were dying each day from the plague.) Plagues and Peoples: William H. McNeill: 9780385121224 ... Historian William McNeill learned that disease has played a major role in the human journey, and he wrote a fascinating introduction to our intimate companions, the parasites, in Plagues and Peoples. All critters eat. Hosts provide food, and parasites consume it.

Large-bodied parasites, like wolves, are macro-par. Plagues and Peoples by William H. McNeill About Plagues and Peoples. Upon its original publication, Plagues and Peoples was an immediate critical and popular success, offering a radically new interpretation of world history as seen through the extraordinary impact--political, demographic, ecological, and psychological--of disease on cultures. From the conquest of Mexico by smallpox as much as by the Spanish, to the bubonic plague in China, to the typhoid epidemic in Europe, the history of disease is the history of humankind. Plagues and Peoples by William McNeill: 9780385121224 ... Upon its original publication, Plagues and Peoples was an immediate critical and popular success, offering a radically new interpretation of world history as seen through the extraordinary impact--political, demographic, ecological, and psychological--of disease on cultures.
