Why I Believed Destiny Image Publishers

The Power of the Blood of Jesus is a devotional written by Andrew Murray on Christian spirituality as he applies examples from the Scripture. Andrew Murray was a South African pastor and Christian writer who considered missions to be the chief end of the church. Murray was one of the leading figures during the South African Revival of 1860. Today he is best remembered as a writer of hundreds of Christian books, many of which are still widely read today including Abide in Christ, Absolute Surrender, and With Christ in the School of Prayer.

Dr Kenneth McAll tells how through his medical and religious experiences he has discovered a remarkable new method of healing. Believing that many supposedly 'incurable' patients are the victims of ancestral control, he seeks to liberate them from domination. By drawing up a family tree he is able to identify the ancestor who is causing his patient harm. He then cuts the bond between the ancestor and the patient by celebrating, with a clergyman, a service of Holy Communion in which he delivers the tormented ancestor to God.

It isn't hard to believe that Jesus is the express image of God. But few realize that God has determined for them as Christians to be conformed to that image. Nothing is impossible to the man or woman who know who they are in

Christ. The purpose of this minibook is to reveal the reality of being God's workmanship.

Coming Out, Coming Home has the potential for increasing spiritual growth and development in our society. Although many books have been written about gay rights and pro-gay theologies, few have provided people with an opportunity to enlarge belief systems advocating Scriptural principles while embracing the possibility of gay spirituality. In our present culture many people feel the need to split the personal from their professional lives in order to maintain proper boundaries, and the private from the public in order to gain the acceptance of others. This book provides the opportunity for readers to find a deeper connection with themselves and others as you savor the stories of sexual minorities who have sought meaningful connections between their spirituality and sexuality. Expect to experience something profound when you find formerly rigid boundaries between God and gays begin to relax. Your God might be much larger than you ever imagined!

This is a story of a true Christian who believed for nearly three decades, having grown up the son of evangelical missionary parents, later becoming a missionary himself. Yet he slowly lost his

faith and now no longer holds it. In this part-autobiography, part-expose, Ken traces his journey from evangelical missionary to secular humanist while remaining part of a committed Christian family. He looks back at a number of reasons he remained a believer for over a decade after his initial doubts began at university, critically evaluating each one in a separate chapter. Whether or not you agree with Ken's conclusions, you will find his journey and his reasons for taking it fascinating and informative. You will end up better understanding, if not appreciating, the mind of apostates whose desire is to follow the evidence wherever it leads.

From a Pastor's Heart Taylor & Francis Like it or not, this is a word-created, word-controlled universe. God established it that way from the very beginning, calling "things which be not as though they were" (Romans 4:17). He set this whole system in motion by speaking into the darkness and saying, "Light be!" and light was (Genesis 1:3). We've been divinely commissioned to change our environment by what we

say, to release light in the midst of darkness. Discover what The Word says about your authority and the power to speak to this present darkness and say, "Light be!"
