*A History of the Symphony* Bloomsbury Publishing

Lists top-recommended works by master composers from the past and present, providing a critical assessment of specific recordings and performances as identified by a team of leading music experts.

Symphony No. 9, Op. 70 Univerzita Palackého v Olomouci

"Shostakovich's life is a fascinating example of the paradoxes of living as an artist under totalitarian rule. Alone among his artistic peers, he survived successive Stalinist cultural purges and won the Stalin Prize five times, yet in 1948 he was dismissed from his conservatory teaching positions, and many of his works were

banned from performance. He prudently censored himself, in one case putting aside a work based on Jewish folk poems. Under later regimes he balanced a career as a model Soviet - holding government positions and acting as an international ambassador - with his unflagging artistic ambitions."--Jacket.

*Dear Miloš: Bohuslav Martinů's letters to Miloš Šafránek* Read Books Ltd

Most previous books about Dimitri Shostakovich have focused on either his symphonies and operas, or his relationship to the regime under which he lived, or both, since these large-scale works were the ones that attracted the interest and sometimes the condemnation of the Soviet authorities. "Music for Silenced Voices" looks at Shostakovich through the back door, as it were, of his fifteen quartets, the works which his widow characterized as a "diary, the story of his soul." The silences and the voices

were of many kinds, including the political silencing of adventurous writers, artists, and musicians during the Stalin era; the lost voices of Shostakovich's operas (a form he abandoned just before turning to string quartets); and the death-silenced voices of his close friends, to whom he dedicated many of these chamber works. Wendy Lesser has constructed a fascinating narrative in which the fifteen quartets, considered one at a time in chronological order, lead the reader through the personal, political, and professional events that shaped Shostakovich's singular, emblematic twentieth-century life. Weaving together interviews with the composer's friends, family, and colleagues, as well as conversations with present-day musicians who have played the quartets, Lesser sheds new light on the man and the musician. One of the very few books about Shostakovich that is aimed at a general rather than an academic audience, "Music for Silenced Voices" is a pleasure to read; at the same time, it is rigorously faithful to the known facts in this notoriously complicated life. It will fill readers with the desire to hear the quartets, which are among the most compelling and emotionally powerful monuments of the past century's music.

*Alban Berg: A Research and Information Guide, Third Edition* is an annotated bibliography highlighting both the nature of primary sources related to the composer and the scope and significance of the secondary sources that deal with Berg, his compositions, and his influence as a composer. It is a reliable, complete, and useful resource and a starting point for anyone—performer, teacher, student, or scholar—wanting to learn about Berg's life, works, and cultural milieu. The third edition has 162 additional

citations since the publication of the second edition, many arising after the expiration of copyright of Berg's musical and archival works 2005. Many important new, primary sources of information have appeared, most notably the letter exchanges with his wife, recently published in a three-volume critical edition (in German), as well as letter exchanges with Alma Mahler and Erich Kleiber, and later correspondences with Anton Webern. There has also been a notable increase in the availability of commercial video recordings of Berg's operas, *Wozzeck* and *Lulu*.

In its 114th year, *Billboard* remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. *Billboard* publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

**Chamber Music** Cassell

Composer's arrangements for piano, 4 hands. These volumes are the first releases of an ambitious new series started in 1999 by DSCH, the exclusive publisher of the works of Dmitri Shostakovich. Each volume contains new engravings; articles regarding the history of the compositions; facsimile pages of Shostakovich's manuscripts, outlines, and rough drafts; as well as interpretations of the manuscripts. In total, 150 volumes are planned for publication.

**A Life in Film** Dsch

A comprehensive biography of the twentieth-century Russian composer, exploring his life, music, and legacy—by a noted musicologist who knew him personally. Russian composer and

pianist Dmitri Shostakovich is universally renowned as one of the most important figures of twentieth-century classical music. In *Shostakovich: The Man and His Work*, Ivan Martynov presents a rich and compelling biography of this pioneering legend.

Martynov draws on extensive research, including interviews and conversations with Shostakovich himself, as well as his own expertise in the field of musicology, to shed light on the man behind the music.

*Behind the Baton* Scarecrow Press

*A History of the Symphony: The Grand Genre* identifies the underlying cultural factors that have shaped the symphony over the past three hundred years, presenting a unified view of the entire history of the genre. The text goes beyond discussions of individual composers and the stylistic evolution of the genre to address what constitutes a symphony within each historical period, describing how such works fit into the lives of composers and audiences of the time, recognizing that they do not exist in a vacuum but rather as the products of numerous external forces spurring their creation. In three parts, the text proceeds chronologically, drawing connections between musical examples across regions and eras: The Classical Symphony The Romantic Symphony The Symphony in the Modern Era Within this broad chronology—from the earliest Italian symphonies of the 18th century to the most experimental works of the 20th century—discussion of the development of the genre often breaks down along national lines that outline divergent but parallel paths of stylistic growth. In consideration of what is and is not a symphony, musical developments in other genres are presented as they relate to the symphony, genres such as the

serenade, the tone poem, and the concert overture. Suitable for a one-semester course as well as a full-year syllabus, and with illustrative musical examples throughout, *A History of the Symphony* places composers and works in sociological and musical contexts while confronting the fundamental question: What is a symphony?

New York Magazine Routledge

She traces his musical roots, piano studies, repertoire, and concert career through his correspondence with family and friends and his own and his contemporaries' memoirs, using material never before available in English. This biographical narrative is interwoven with analyses of Shostakovich's piano and chamber works, demonstrating how he interpreted his own music. For the first time, Shostakovich's own recordings are used as primary sources to discover what made his playing unique and to dispel commonly held myths about his style of interpretation. His recorded performances are analysed in detail, specifically his tempos, phrasing, dynamics, pedal, and tonal production. Some unpublished variants of musical texts are included and examples of his interpretations are provided and compared to various editions of his published scores.

**The Letters of Dmitri Shostakovich to Isaak Glikman, 1941-1975** Princeton University Press

Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork. *Classical music to cure any ailment* Rowman & Littlefield  
The world-renowned musicologist Richard Taruskin has devoted

much of his career to helping listeners appreciate Russian and Soviet music in new and sometimes controversial ways. Defining *Russia Musically* represents one of his landmark achievements: here Taruskin uses music, together with history and politics, to illustrate the many ways in which Russian national identity has been constructed, both from within Russia and from the Western perspective. He contends that it is through music that the powerful myth of Russia's "national character" can best be understood. Russian art music, like Russia itself, Taruskin writes, has "always [been] tinged or tainted ... with an air of alterity--sensed, exploited, bemoaned, reveled in, traded on, and defended against both from within and from without." The author's goal is to explore this assumption of otherness in an all-encompassing work that re-creates the cultural contexts of the folksong anthologies of the 1700s, the operas, symphonies, and ballets of the 1800s, the modernist masterpieces of the 1900s, and the hugely fraught but ambiguous products of the Soviet period. Taruskin begins by showing how enlightened aristocrats, reactionary romantics, and the theorists and victims of totalitarianism have variously fashioned their vision of Russian society in musical terms. He then examines how Russia as a whole shaped its identity in contrast to an "East" during the age of its imperialist expansion, and in contrast to two different musical "Wests," Germany and Italy, during the formative years of its national consciousness. The final section, expanded from a series of Christian Gauss seminars presented at Princeton in 1993, focuses on four individual composers, each characterized both as a self-consciously Russian creator and as a European, and each placed in perspective within a revealing hermeneutic

scheme. In the culminating chapters--Chaikovsky and the Human, Scriabin and the Superhuman, Stravinsky and the Subhuman, and Shostakovich and the Inhuman--Taruskin offers especially thought-provoking insights, for example, on Chaikovsky's status as the "last great eighteenth-century composer" and on Stravinsky's espousal of formalism as a reactionary, literally counterrevolutionary move.

The First Hundred Years and Beyond

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

#### **A Research and Information Guide** Dsch

This ultimate reference on the works of Dmitri Shostakovich presents a chronological list of works, annotated with commentary and citing available publications. There is also a systematic index of works, grouping like compositions by format (stage works, orchestral works, piano solo, etc.), an index of opus numbers, an alphabetical index of works, and an alphabetical index of key names of librettists, arrangers, translators, performers, conductors and others associated with the music of Shostakovich.

#### **School of Music Programs** Cornell University Press

Leading authorities explore, in direct and accessible language,

chamber-music masterpieces by twenty-one prominent composers since 1900.

#### Music for Silenced Voices Sikorski

For more than twenty years, the Insiders' Guide® series has been the essential source for in-depth travel and relocation information—from true insiders whose personal, practical perspective gives you everything you need to know. “Everything is bigger in Texas,” it’s said, and Houston is no exception.

Spanning more than 600 square miles (with the suburbs adding another 9,000-plus), America’s fastest-growing city is a center of international trade, oil, aerospace, and education—and unparalleled cultural, shopping, and dining opportunities. This authoritative guide will show you how to navigate this fabulous city. So whether you are a longtime Houstonian, a new resident, or just passing through, prepare to meet with a whole host of treasures and quirks just waiting to be discovered. Inside You’ll Find: • Countless details on how to live and thrive in the area, from the best shopping to the lowdown on real estate • The inside scoop on popular attractions such as NASA’s Space Center Houston and the San Jacinto Monument, and on events from the Houston Livestock Show & Rodeo to the International Festival and the Park-to-Park Run • Comprehensive listings of restaurants, accommodations, and recreational opportunities • Sections dedicated to children, education, and health care

#### Dmitri Shostakovich, Pianist Vintage

(Amadeus). To speak of Gerard Schwarz musician, conductor, festival organizer, gig hopper, educator, television personality, patron and proselytizer of the arts is to tell an exemplary American story. You could convey it exclusively in clichés, from

his industrious emigre parents to his precocious childhood, from his ardor and diligence as a prodigy trumpeter to his meteoric rise as a conductor, from his unforeseen cross-country migration to the gradual construction of a world-class orchestra in a city formerly regarded as a cultural backwater, from the halls of New York City's High School of Performing Arts to the digital instructor's chair of the All-Star Orchestra's Khan Academy course series. You could simply recite the numbers: over 300 new works premiered, over 350 recordings in his discography, 14 GRAMMY nominations, 4 Emmy awards, six ASCAP Awards, and hundreds of other honors and laurels. You could dazzle and festoon and bewitch with talk of truth and beauty and the pursuit of ever-higher forms of artistic expression. Or you could tell it Jerry's way. Behind the Baton is a quintessentially Schwarzian memoir: intrepid, forthright, risible, subtly self-assured, and entirely unpretentious. It offers an intimate inside look at a man whose immense talent is rivaled only by his humility and work ethic a man who, for nearly fifty years, has strived to leave every orchestra and musician he touched better than when he found them. Whether you're a classical music aficionado, an orchestra initiate just cutting your teeth, or an everyday reader interested in the remarkable story behind an extraordinary man, Behind the Baton belongs on your nightstand.

This choice by the composer's close friend Isaak Glikman brought the tormented feelings of the musical genius into public view.

Now those feelings resound in the first substantial collection of Shostakovich's letters to appear in English.

[A Catalogue, Bibliography, and Discography](#) Rowman & Littlefield

Of all the major Soviet composers who worked in the cinema, the most prominent was Dmitri Shostakovich who, in addition to over a hundred works for the stage and concert hall, wrote scores for almost forty films. Yet despite his reputation this work, when not completely overlooked, has been poorly judged by the same criteria as his other music. Likewise, while much attention has been paid to Soviet film, the crucial role played by the scores is all too often forgotten. This, the first book in English to look at Shostakovich's cinema career, discusses every film he scored, looking at the films themselves, tracing their relationship to the changing concerns and policies of the Soviet state and examining

how the music works in context. John Riley also gives a fascinating account of the composer's life. This highly readable book will be welcomed equally by devotees of the composer; those interested in Soviet culture and cinema; and general film music enthusiasts.

**A novel** Lanham, Md. : Scarecrow Press

Shostakovich wrote his String Quartet No. 3 in F Major, Op. 73 in 1946 at the age of forty, right after the Second World War and not long after the completion of his Ninth Symphony. The Third Quartet is a large, symphonic work and is known as one of the compositions with which Shostakovich was the most pleased. It not only shows Shostakovich's absolute mastery as a chamber music composer skillfully deploying the string quartet to convey his entirely distinctive musical personality, but also shows many of his compositional characteristics. This treatise will provide a historical background and the influences on the Third Quartet, along with a brief biography of the composer and information on his string quartets. In addition, the quartet will be analyzed using traditional descriptive procedures providing insights into possible interpretive strategies based on a comparison of selected recordings by three notable string quartet ensembles.
