 Active Pharmaceutical Ingredients is an unparalleled guide to the development, manufacturing, and regulation of the preparation and use of APIs globally. Topics include: Safety, efficacy, and environmental/regulatory requirements ; Analysis of the recent movement of API manufacturing from the U.S. and Europe to countries such as India and China
 Active Pharmaceutical Ingredients: Development ...
 Abstract: Active Pharmaceutical Ingredients (API) of good quality are core to the manufacturing of effective and safe essential drugs. The

price of APIs is the main cost driver for manufacturing. Only a limited number of large manufacturers of finished pharmaceutical products have their own API manufacturing capabilities, and none of them can make all required APIs in-house.
 Exploratory Study on Active Pharmaceutical Ingredient ...
 Active Pharmaceutical Ingredients OTC We began producing Active Pharmaceutical Ingredients (APIs) in 1995 as a vital input in the manufacture of complex formulations and products to facilitate complete vertical integration.
