ANNABEL ELLISON

The Theology of History in
St. Bonaventure Wm. B.
Eerdmans Publishing
What is Christian
doctrine? The fourteen
specially commissioned
essays in this book serve
to give an answer to
many aspects of that
question. Written by
leading theologians from
America and Britain, the

essays place doctrine in
its setting - what it has
been historically, and how
it relates to other forms of
culture - and outline
central features of its
content. They attempt to
answer questions such as
'what has, and does,
Christian doctrine teach
about God, the creation,
the human condition and
human behaviour?' and
'what is the part played in
Christian doctrine by the
Trinity, Jesus Christ and
the Holy Spirit?' New

readers will find this an
accessible and stimulating
introduction to the main
themes of Christian
doctrine, while advanced
students will find a useful
summary of recent
developments which
demonstrates the variety,
coherence and intellectual
vitality of contemporary
Christian thought.
Historical Theology B&H
Publishing Group
This book helps beginning
theological students grasp
the basics of Christian

theology. Consciously avoiding the perspective of one school of thought or confessional tradition, the authors provide the reader with a brief, broad overview of the questions and contents of theological study. Their accessible use of language, clear organization, and careful explanation will prove of invaluable aid to those who are getting their theological feet wet for the first time. "In the words of its authors, this book offers an introduction 'to the fuller

spectrum of Christian theology as it has developed through the centuries.' Few writers address the historical development of the classic doctrines and the contemporary resonance as adroitly as Gonzalez and Perez. The chapter on Jesus Christ, for example, presents concise summaries of the treatments of Christ's person leading up to Chalcedon, while suggesting a need for a multiplicity of images in understanding the work of Christ that liberates the

whole person and restores all creation. Beginning students, as a result, are invited into a living theological conversation, where the contested claims of the past have continued relevance in a contemporary era beset by its undervaluing of the body and creation. Broadly ecumenical in tenor, with reference to theologians from nearly every century, the work should appeal to both a popular readership and introductory students in college and seminary. One disappointing aspect

of the book is an absence of Latino/a, feminist, and liberation perspectives. For a work that argues for the contextuality of all theology, and from authors whose previous work has been monumental in Hispanic theological education, this lack is surprising."---David H. Jensen, Austin Presbyterian Theological Seminary, in Religious Studies Review, Volume 29 Number 3, July 2003. The Filioque Oxford University Press In this balanced volume, Gregg Allison—an

evangelical theologian and church historian—helps readers understand the nuances of Roman Catholic teaching. Walking through the official Catechism of the Catholic Church, Allison summarizes and assesses Catholic doctrine from the perspective of both Scripture and evangelical theology. Noting prominent similarities without glossing over key differences, this book will equip Christians on both sides of the ecclesiastical divide to fruitfully engage

in honest dialogue with one another. A History of Theology Oxford University Press In this meticulously researched study, Konrad Schmid offers a historical clarification of the concept of “theology.” He then examines the theologies of the three constituent parts of the Hebrew Bible—the Torah, the Prophets, and the Writings— before tracing how these theological concepts developed throughout the history of ancient Israel and early Judaism. Schmid not only

explores the theology of the biblical books in isolation, but he also offers unifying principles and links between the distinct units that make up the Hebrew Bible. By focusing on both the theology of the whole Hebrew Bible as well as its individual pieces, *A Historical Theology of the Hebrew Bible* provides a comprehensive discussion of theological work within the Hebrew Bible.

Historical Theology
Zondervan Academic
A Respected Scholar
Introduces Students to the

Discipline of Old Testament Studies
Richard Hess, a trusted scholar of the Old Testament and the ancient Near East, offers a substantial introduction to the Old Testament that is accessibly written and informed by the latest biblical scholarship. Hess summarizes the contents of the Old Testament, introduces the academic study of the discipline, and helps readers understand the complex world of critical and interpretive issues, addressing major

concerns in the critical interpretation of each Old Testament book and key texts. This volume provides a fulsome treatment for students preparing for ministry and assumes no prior knowledge of the Old Testament. Readers will learn how each book of the Old Testament was understood by its first readers, how it advances the larger message of the whole Bible, and what its message contributes to Christian belief and the Christian community. Twenty maps, ninety

photos, sidebars, and recommendations for further study add to the book's usefulness for students. Resources for professors are available through Baker Academic's Textbook eSources.

The Christian Theology Reader Wm. B. Eerdmans Publishing
ECPA 2017 Christian Book Award Finalist This classic one-volume reference work has been appreciated for decades. It is now substantially expanded and revised to focus on a variety of theological themes,

thinkers and movements. From African Christian Theology to Zionism, this volume of historical and systematic theology offers a wealth of information and insight for students, pastors and all thoughtful Christians. Over half of the more than eight hundred articles are new or rewritten with hundreds more thoroughly revised. Fully one-third larger than its predecessor, this volume focusing on systematic and historical theology has added entries and material on theological

writers and themes in North America and around the world. Helpful bibliographies have also been updated throughout. Over three hundred contributors form an international team of renowned scholars including Marcella Altaus-Reid, Richard Bauckham, David Bebbington, Kwame Bediako, Todd Billings, Oliver Crisp, Samuel Escobar, John Goldingay, Tremper Longman III, John McGuckin, Jennifer McNutt, Michael J. Nasir-Ali, Bradley Nassif, Mark Noll, Anthony Thiselton,

John Webster and N. T. Wright. This new edition combines excellence in scholarship with a high standard of clarity and profound insight into current theological issues. Yet it avoids being unduly technical. Now an even more indispensable reference, this volume is a valuable primer and introduction to the grand spectrum of theology.

The Old Testament OUP
Oxford

This book traces the movements and counter-movements of theological thought through the

centuries from the New Testament to the present. This work is divided in three parts: Part 1 addresses the age of the church fathers Part 2 covers the Middle Ages from Augustine to Luther Part 3 moves from the Reformation thru the 20th century.

The Dictionary of Historical Theology

John Wiley & Sons
This broad-ranging collection of the primary sources that have shaped the theology of Christianity, spans Old Testament to modern

writings. This historical theology textbook includes informative introductions and guiding questions from the author.

University of Notre Dame
Press

In *Historical Theology for the Church*, editors Jason Duesing and Nathan Finn bring together top contributors to survey key doctrinal developments in every era of church history. They not only trace the development of various doctrines within historical congregations; they also provide a

resource for contemporary congregations. Steered by the conviction that historical theology serves the church both local and global, each chapter concludes with an application section that clarifies the connection between the historical doctrine being covered and the Christian church today.

Christian Theology

Abingdon Press

It is impossible to understand the crucial theological issues of today without some

appreciation of the historical roots and development of theology itself. The author here presents a systematic history of theology which is unique in its scope, scholarship and readability. The work begins with a definition of the word "theology" from its early pre-Christian usage to its adoption by the Greek and Latin Christians and thereafter. The history of theology that follows is divided into six eras, each one treated thoroughly and with scholarly care. The author

identifies and explains exactly what occurred in theological thought and writing; what events and sources shaped theological development in each era; who the theologians were and what contributions they made; and how new trends in theology took shape and were accepted. The Cambridge Dictionary of Christian Theology Bloomsbury Publishing Regarded as the leading text in Christian theology for the last 25 years, Alister E. McGrath's *The Christian Theology Reader*

is now available in a new 5th edition featuring completely revised and updated content. Brings together more than 350 readings from over 200 sources that chart 2,000 years of Christian history. Situates each reading within the appropriate historical and theological context with its own introduction, commentary, and study questions. Includes new readings on world Christianity and feminist, liberation, and postcolonial theologies, as well as more selections by

female theologians and theologians from the developing world. Contains additional pedagogical features, such as new discussion questions and case studies, and a robust website with new videos by the author to aid student learning. Designed to function as a stand-alone volume, or as a companion to *Christian Theology: An Introduction*, 6th edition, for a complete overview of the subject. [A Short History of Christian Doctrine](#) Historical Theology The Death of Scripture

and the Rise of Biblical Studies examines the creation of the academic Bible. Beginning with the fragmentation of biblical interpretation in the centuries after the Reformation, Michael Legaspi shows how the weakening of scriptural authority in the Western churches altered the role of biblical interpretation. Focusing on renowned German scholar Johann David Michaelis (1717-1791), Legaspi explores the ways in which critics reconceived the role of the Bible. This

book offers a new account of the origins of biblical studies, illuminating the relation of the Bible to churchly readers, theological interpreters, academic critics, and people in between. It explains why, in an age of religious resurgence, modern biblical criticism may no longer be in a position to serve as the Bible's disciplinary gatekeeper.

Lectures in Systematic Theology JHU Press

No previous knowledge of theology demanded, this volume is written in an

essentially readable way and is the perfect core to the library of anyone who loves to learn."This wide-ranging, well-directed, sharp-sighted textbook is his magnum opus. This one stands high as a demonstration of the biblical rationality of the Reformed faith." J. I. *Readings in Historical Theology* Zondervan
The Historical Volume of what was originally called Reformed Dogmatics now appears with a new title, namely, History of Christian Doctrines. Works on the gradual

development of theological truth in the Church of Jesus Christ usually appear alongside of those which deal with the systematic reproduction of it, and thus stand out as separate works. It was thought best to follow this practice, since this will stress the fact that, after all, the history of the development of Christian thought in the Church is a separate study.

Roman Catholic Theology and Practice

Walter de Gruyter GmbH & Co KG

This is a reproduction of the original artefact. Generally these books are created from careful scans of the original. This allows us to preserve the book accurately and present it in the way the author intended. Since the original versions are generally quite old, there may occasionally be certain imperfections within these reproductions. We're happy to make these classics available again for future generations to enjoy!

Systematic Theology

Createspace Independent Pub

A new edition of leading theologian Millard Erickson's classic text.

An Introduction to Historical Theology

Ignatius Press

In his book, poised to become a standard historical theology textbook, Roger Olson takes us on a journey of events ranging from the apostolic fathers to the Reformation to the present.

Historical Theology

William B. Eerdmans Publishing Company

Introduces the reader to the views of the most outstanding theologians in the history of Christianity. The book's three sections deal with Patristic Theology, Medieval and Reformation Theology, and Modern Theology.

Christian Ethics

Cambridge University Press

William Placher and Derek Nelson compile significant passages written by the most important Christian thinkers, from the Reformers of the sixteenth century through the major participants in

the contemporary theological conversation. Illustrating the major theologians, controversies, and schools of thought, Readings in the History of Christian Theology is an essential companion to the study of church history and historical theology. Excerpts are preceded by the editors' introductions, allowing the book to stand alone as a coherent history. This revised edition expands the work's scope, drawing throughout on more female voices and

expanding to include the most important twenty-first-century theological contributions. This valuable resource brings together the writings of major theologians from the church's history for a new generation of students.

New Dictionary of Theology Mentor

This book has earned wide acceptance as an outstanding single volume history of doctrine. It is ideally suited for classroom and seminar use as well as research and independent study.

With remarkable conciseness and clarity Lohse, shows how doctrinal development has occurred in the various periods of the Church's history from the first century to the present. He explores and discusses, one by one, the dogmas and doctrines that constitute the milestones in the story of the Church's effort to proclaim the message of Jesus Christ to each age. This Revised American Edition includes a new preface by the author, an account of the

significance of the Second Vatican Council and

alterations in the "For

Further Reading" section to bring it up to date.
