ESTHER MATIAS

The Last Stand U of Nebraska Press
 The first comprehensive history of the
 Lakota Indians and their profound role in
 shaping America's history Named One of
 the New York Times Critics' Top Books of
 2019 - Named One of the 10 Best History
 Books of 2019 by Smithsonian Magazine -
 Winner of the MPIBA Reading the West
 Book Award for narrative nonfiction
 "Turned many of the stories I thought I
 knew about our nation inside out."--
 Cornelia Channing, Paris Review, Favorite
 Books of 2019 "My favorite non-fiction
 book of this year."--Tyler Cowen,
 Bloomberg Opinion "A brilliant, bold,
 gripping history."--Simon Sebag
 Montefiore, London Evening Standard,

Best Books of 2019 "All nations deserve to
 have their stories told with this degree of
 attentiveness"--Parul Sehgal, New York
 Times This first complete account of the
 Lakota Indians traces their rich and often
 surprising history from the early sixteenth
 to the early twenty-first century. Pekka
 Hämäläinen explores the Lakotas' roots as
 marginal hunter-gatherers and reveals
 how they reinvented themselves twice:
 first as a river people who dominated the
 Missouri Valley, America's great
 commercial artery, and then--in what was
 America's first sweeping westward
 expansion--as a horse people who ruled
 supreme on the vast high plains. The
 Lakotas are imprinted in American
 historical memory. Red Cloud, Crazy
 Horse, and Sitting Bull are iconic figures in
 the American imagination, but in this
 groundbreaking book they emerge as
 something different: the architects of

Lakota America, an expansive and
 enduring Indigenous regime that
 commanded human fates in the North
 American interior for generations.
 Hämäläinen's deeply researched and
 engagingly written history places the
 Lakotas at the center of American history,
 and the results are revelatory.
Last Stand Dell Publishing Company
 Johnny D. Boggs turns the battlefield itself
 into a character in this historical retelling
 of Custer's Last Stand, when George
 Custer led most of his command to
 annihilation at the Battle of the Little
 Bighorn in southern Montana in 1876.
 More than forty first-person narratives are
 used--Indian and white, military and
 civilian, men and women--to paint a
 panorama of the battle itself. Boggs brings
 the events and personalities of the Battle
 of the Little Bighorn to life in a series of
 first-hand accounts.

Lakota Noon University of Oklahoma Press
"Explains the Battle of the Little Bighorn, including its chronology, causes, and lasting effect"--

A Terrible Glory University of Chicago Press

About 175 men born in Ireland, England, Scotland or Wales served with Custer and the Seventh Cavalry. Some perished along the shores of the Little Bighorn River in Montana in the summer of 1876. This book researches the lives of these men as well as explores the times, strategies and weapons of that era. The "Wild Geese" were the young men that left Ireland for armies around the world. They made up the largest contingent of troopers from the United Kingdom. Some of these men perished on that June day while others fought valiantly and survived. Others missed the action for reasons as varied as bad health to bad habits. This book provides background to the battles of the 1876 Montana Campaign as well as information on soldiers, weapons, Native Americans and other pieces of interest in one of the most well known of all Indian War Period battles.

That Day at Greasy Grass Blackstone Publishing

FBI agent Manny Tanno is taking some much needed R and R at the site of the Battle of Little Big Horn. But when a death on the reservation cuts his vacation short, he learns that the secrets of the past have a way of stirring up trouble in the present. As a scout for the legendary General Custer, Crow tribe member Levi Star Dancer kept a journal chronicling his exploits from the Battle of the Greasy Grass onward. Now, the missing journal has been found and the descendents of those mentioned in the account, including Levi's own, want to keep their family secrets hidden at all costs... Manny's trip to the Crow Agency Reservation turns out to be ill timed when a reenactor of the Battle of Little Big Horn is killed right in front of him. It turns out the victim was the one who found Levi Star Dancer's famed diary and was planning on selling it to the highest bidder. And while the dead body is hard to miss, the coveted book is nowhere to be found. Now, Manny has to watch his back while searching for a murderer and the missing journal, because this slippery killer will do anything to make sure the past stays buried.

The Battle of the Greasy Grass

Leatherneck Publishing

"I am an old man, and soon my spirit must leave this earth to join the spirit of my fathers. Therefore, I shall speak only the truth in telling what I know of the fight on the Little Bighorn River where General

Custer was killed. Curly, who was with us, will tell you that I do not lie." So spoke White Man Runs Him, a Crow Indian who with five other Crow warriors had served as a scout for Custer's Seventh Cavalry on June 25, 1876, the day of the battle known to generations of white Americans as "Custer's Last Stand." They survived the battle, but Custer and more than 250 troopers did not. Thus their accounts and those of the Lakotas and Cheyennes who triumphed at Little Bighorn (or Greasy Grass, as it was known to the Lakotas) offer the only firsthand picture of what happened that fateful day. These stories--from leaders as renowned as Black Elk and Sitting Bull, warriors such as Wooden Leg, a Cheyenne woman, and Arikara and Crow scouts--at last bring one of the most unforgettable showdowns in American history to vivid, complex, multifaceted life. *Wooden Leg: A Warrior Who Fought Custer (Expanded, Annotated)* North Point Press June 25-26, 1876. Find out why these dates will live in infamy in Battle of Little Bighorn. Learn what led up to the battle, including Native Americans' forced movement to the Great Sioux Reservation after the discovery of gold on their land. Get to know the biographies of key historical figures, including Lieutenant Colonel George Armstrong Custer, Sitting Bull, Crazy Horse, and Lakota Sioux and Cheyenne warriors. Put yourself on the frontier battlefield of Montana Territory as you learn about military strategy and the resulting casualties of Custer's Last Stand. Learn what weapons and tactics were used, including the US Army's Colt revolvers and Springfield carbines, the Native Americans' bows and arrows, and the more than 40 other firearms used on both sides. Finally, discover the reasons behind Custer and the Seventh Cavalry's loss, as well as the aftermath of this pivotal conflict in the Plains Indians War. Black and white and color photographs, illuminating quotations, maps, charts, a glossary, an index, and book links round out this exciting and informative title. Aligned to Common Core Standards and correlated to state standards. Abdo & Daughters is an imprint of Abdo Publishing, a division of ABDO. *Soldiers Falling Into Camp* ABDO Publishing Company Filled with fresh interpretations and information, puncturing old myths and challenging new ones, *Battle Cry of Freedom* will unquestionably become the standard one-volume history of the Civil War. James McPherson's fast-paced narrative fully integrates the political, social, and military events that crowded the two decades from the outbreak of one

war in Mexico to the ending of another at Appomattox. Packed with drama and analytical insight, the book vividly recounts the momentous episodes that preceded the Civil War--the Dred Scott decision, the Lincoln-Douglas debates, John Brown's raid on Harper's Ferry--and then moves into a masterful chronicle of the war itself--the battles, the strategic maneuvering on both sides, the politics, and the personalities. Particularly notable are McPherson's new views on such matters as the slavery expansion issue in the 1850s, the origins of the Republican Party, the causes of secession, internal dissent and anti-war opposition in the North and the South, and the reasons for the Union's victory. The book's title refers to the sentiments that informed both the Northern and Southern views of the conflict: the South seceded in the name of that freedom of self-determination and self-government for which their fathers had fought in 1776, while the North stood fast in defense of the Union founded by those fathers as the bulwark of American liberty. Eventually, the North had to grapple with the underlying cause of the war--slavery--and adopt a policy of emancipation as a second war aim. This "new birth of freedom," as Lincoln called it, constitutes the proudest legacy of America's bloodiest conflict. This authoritative volume makes sense of that vast and confusing "second American Revolution" we call the Civil War, a war that transformed a nation and expanded our heritage of liberty.

The Battle of Greasy Grass University of Oklahoma Press

This historical fiction dramatically tells the story of the Battle of the Little Bighorn through the eyes of ordinary soldiers and warriors and vividly describes the fatigue, grime, sweat, fear, heartbreak, and carnage of frontier warfare. "A Road We Do Not Know" . . . brings a fresh and moving sensibility to the story of Custer, Sitting Bull, and Crazy Horse, those icons whose lives came together at the Battle of the Little Bighorn. A fine novel, compellingly written. W.E.B. Griffin, author of "Brotherhood of War" Frederick Chiaventone tells an important, gripping and instructive tale. Winston F. Groom, author of "Forrest Gump"

The Killing of Crazy Horse University of Oklahoma Press

In spring 1876 a physician named James Madison DeWolf accepted the assignment of contract surgeon for the Seventh Cavalry, becoming one of three surgeons who accompanied Custer's battalion at the Battle of the Little Big Horn. Killed in the early stages of the battle, he might easily

have become a mere footnote in the many chronicles of this epic campaign—but he left behind an eyewitness account in his diary and correspondence. *A Surgeon with Custer at the Little Big Horn* is the first annotated edition of these rare accounts since 1958, and the most complete treatment to date. While researchers have known of DeWolf's diary for many years, few details have surfaced about the man himself. In *A Surgeon with Custer at the Little Big Horn*, Todd E. Harburn bridges this gap, providing a detailed biography of DeWolf as well as extensive editorial insight into his writings. As one of the most highly educated men who traveled with Custer, the surgeon was well equipped to compose articulate descriptions of the 1876 campaign against the Indians, a fateful journey that began for him at Fort Lincoln, Dakota Territory, and ended on the battlefield in eastern Montana Territory. In letters to his beloved wife, Fannie, and in diary entries—reproduced in this volume exactly as he wrote them—DeWolf describes the terrain, weather conditions, and medical needs that he and his companions encountered along the way. After DeWolf's death, his colleague Dr. Henry Porter, who survived the conflict, retrieved his diary and sent it to DeWolf's widow. Later, the DeWolf family donated it to the Little Bighorn Battlefield National Monument. Now available in this accessible and fully annotated format, the diary, along with the DeWolf's personal correspondence, serves as a unique primary resource for information about the Little Big Horn campaign and medical practices on the western frontier.

Greasy Grass Oxford University Press

"An engrossing and tautly written account of a critical chapter in American history." -- Los Angeles Times Nathaniel Philbrick, author of *In the Hurricane's Eye*, Pulitzer Prize finalist *Mayflower*, and *Valiant Ambition*, is a historian with a unique ability to bring history to life. *The Last Stand* is Philbrick's monumental reappraisal of the epochal clash at the Little Bighorn in 1876 that gave birth to the legend of Custer's Last Stand. Bringing a wealth of new information to his subject, as well as his characteristic literary flair, Philbrick details the collision between two American icons- George Armstrong Custer and Sitting Bull-that both parties wished to avoid, and brilliantly explains how the battle that ensued has been shaped and reshaped by national myth.

Wild Geese of the Greasy Grass

ReadHowYouWant.com

Ever since the Custer massacres on June 25, 1876, the question has been asked:

What happened - what REALLY happened - at the Battle of the Little Bighorn? We know some of the answers, because half of George Armstrong Custer's Seventh Cavalry - the men with Major Marcus Reno and Captain Frederick Benteen - survived the fight, but what of the half that did not, the troopers, civilians, scouts, and journalist who were with Custer? Now, because a grass fire in August 1983 cleared the terrain of brush and grass and made possible thorough archaeological examinations of the battlefield in 1984 and 1985, we have many answers to important questions. On the basis of the archaeological evidence presented in this book, we know more about what kinds of weapons were used against the cavalry. We know exactly where many of the men fought, how they died, and what happened to their bodies at the time of or after death. We know how the troopers were deployed, what kind of clothing they wore, what kind of equipment they had, how they fought. Through the techniques of historical archaeology and forensic anthropology, the remains and grave of one of Custer's scouts, Mitch Boyer, have been identified. And through geomorphology and the process of elimination, we know with almost 100 percent certainty where the twenty-eight missing men who supposedly were buried en masse in Deep Ravine will be found.

Crazy Horse and Custer Vintage

An account of the legendary battle, told from a Lakota perspective, documents key Lakota oral traditions to reveal the nuanced complexities that led up to and followed the conflict.

Capstone

Legacy provides a thorough examination of the Little Bighorn's historical significance and cultural impact from both white and Native American perspectives.

In the Footsteps of Crazy Horse

Penguin

This historical western was written before Custer was known as General, a time when those who knew and marched with Custer were still alive. Edwin L. Sabin tells the story of a man who was "as great in peace as in war" from the perspective of Ned Fletcher, a bugler who served under the general. From the westward expansion of Northern Pacific Railway, to Custer's encounters with Sitting Bull and the famous Battle of the Little Bighorn, this account of Custer's adventures is told in an engaging manner and is based upon extensive research. Sabin muses on what really happened at the Battle of Little Bighorn and weaves us a tale that seamlessly combines entertaining storytelling with factual accuracy. While

there were no survivors from Custer's Last Stand (or Battle of the Greasy Grass, as it is referred to by Native Americans), the author was able to piece out this quintessential American story from records, Mrs. Custer's writings, and news articles from that time. With the help of the dutiful young soldier, Ned Fletcher, this story embodies what Sabin is best known for—western tales that imbue lessons in good and evil.

Hundred in the Hand (Easyread Large Edition) University of Oklahoma Press

A much-neglected source of first-hand views on the Battle of the Little Bighorn is presented in this third and final volume of Indian testimony collected by award-winning author Richard G. Hardorff. Like its companion volumes, *Lakota Recollections* and *Cheyenne Memories*, *Indian Views* offers thirty-five interviews and statements from Indians who were eyewitnesses to the battle. Here is the story of the battle as told through the observations of twenty-nine Sioux and nine Cheyennes, from the point at which the soldiers were first detected on their march toward the Indian settlement, to the bitter end, as the Indians packed up and moved their camps. Interviews, narratives, and statements by Crazy Horse, Crow King, Two Moons, and Turning Hawk are only a few of the accounts given, extracted from letters, newspaper stories, Army reports, and manuscripts. The prologue and epilogue contain the impressions of three Seventh Cavalry soldiers, while the appendix presents Walter M. Camp's analytical conclusions of General Terry's order to Custer. Their combined efforts resulted in a valuable contribution to the historiography of one of the most dramatic and controversial episodes in our military history. Extensive notes provide in-depth analysis of sometimes conflicting statements regarding soldiers' identities, based on their clothing, positioning, and Indian accounts. Detailed background on the combatants is given as well as commentary on the number of Indian casualties in the fight. The eight maps which accompany these accounts illustrate the positions of fighters throughout the battle. This collection of primary source material, originally obtained by Army personnel, newspaper correspondents, anthropologists, and historians, is a must for any scholar of the Battle of the Little Bighorn and an important addition to the literature leading to a better perspective of the events of the summer of 1876.

It Is a Good Day to Die Penguin

One of the most fascinating classics ever written about the Battle of the Little

Bighorn. Dr. Thomas Marquis spent many years getting to know and interviewing Native Americans who had fought against General Custer and the 7th Cavalry. This is the narrative of Chief Wooden Leg, given to Marquis late in Wooden Leg's life. Long dismissed by historians, Little Bighorn scholars today believe the Indian accounts to be essential to an understanding of what went wrong at the Little Bighorn (and what went right for the Sioux and Cheyenne). Archaeology at the battlefield has born out the veracity of the Indian accounts and the contribution to history by Wooden Leg and Marquis is invaluable. Included is a great deal of information about the life of the Cheyenne of Wooden Leg's time, his boyhood, his understanding of Indian medicine, a very detailed account of the June 25-26, 1876 battle with Custer, and more. This is a book you'll read more than once. Every memoir of the American West provides us with another view of the movement that changed the

country forever. For the first time, this long out-of-print volume is available as an affordable, well-formatted book for e-readers and smartphones. Be sure to LOOK INSIDE by clicking the cover above or download a sample.

Battle Cry of Freedom Mountain Press Publishing Company
With the Great Sioux War as background and context, and drawing on many new materials, Thomas Powers establishes what really happened in the dramatic final months and days of Crazy Horse's life. He was the greatest Indian warrior of the nineteenth century, whose victory over General Custer at the battle of Little Bighorn in 1876 was the worst defeat ever inflicted on the frontier army. But after surrendering to federal troops, Crazy Horse was killed in custody for reasons which have been fiercely debated for more than a century. The Killing of Crazy Horse pieces together the story behind this

official killing.
