Concept Mad Libs

Ten years after the release of Return of the Jedi, the Topps Company reintroduced the Star Wars universe to collectors with a series of trading cards. Illustrated by the biggest names in science fiction, fantasy, and comics--including Kyle Baker, Moebius, Jon J Muth, William Stout, and Walter Simonson--George Lucas's galaxy is reinterpreted in each artist's style, portraying favorite characters, re-creating classic moments, and even inventing new scenes the illustrators always wanted to see. These trading-card images became instant fan favorites and the benchmark for visual reinterpretations of Star Wars to come. For the first time, this collection showcases the complete New Visions series; rare promotional images; an introduction and commentary by Gary Gerani; and an afterword by Drew Struzan, and cover art by Boris Vallejo. Discover the incredible story behind the creation and legacy of one of Star Wars' most beloved characters with Star Wars Icons: Han Solo. Smuggler. Rogue. Hero of the Rebellion. Scruffy-looking nerf herder. Han Solo has been called all these things and more since making his debut in the original Star Wars film back in 1977. Four decades later, the irrepressible Solo continues to be one of the most iconic and enduring elements of the saga. Star Wars Icons: Han Solo covers the character's entire journey, from his genesis in George Lucas's first drafts of Star Wars to Harrison Ford's iconic performances in the original three films and The

Force Awakens, and the character's rebirth in Solo: A Star Wars Story. The book also takes an in-depth look at Solo's role in the Star Wars expanded universe, through novels, comics, video games, and more, and the indelible impression the character has made on pop culture. Illustrated with a treasure trove of rare and previously unseen imagery, including candid on-set photography and stunning concept art, this deluxe volume also features exclusive new interviews with Harrison Ford, Alden Ehrenreich, Mark Hamill, Billy Dee Williams, Peter Mayhew, Ron Howard, J. J. Abrams, Lawrence Kasdan, Jonathan Kasdan, and many more key creatives. Comprehensive and revelatory, this is the definitive book for Han Solo fans across the galaxy.

The Truce at Bakura DK Children

"Gloriously witty, keen and spirited" J.J. Abrams, Director of Star Wars: The Rise of Skywalker "The odds of me ever writing a book were approximately... Oh, never mind. My golden companion worries about such things - I don't. I have indeed now written a book - telling my story, in my voice, not his - recognizing that our voices and our stories are inextricably intertwined." When Star Wars burst onto the big screen in 1977, an unfailingly polite golden droid called C-3PO captured imaginations around the globe. But C-3PO wasn't an amazing display of animatronics with a unique and unforgettable voiceover. Inside the metal costume was an actor named Anthony Daniels. In this deeply personal memoir, Anthony Daniels recounts his experiences of the epic cinematic adventure that has influenced pop culture for more than 40 years. For the very first time, he candidly describes his most intimate memories as the only actor to appear in every Star Wars film - from his first meeting with George Lucas to the final, emotional days on the set of Star Wars: The Rise of Skywalker. With a foreword by J.J. Abrams and never-before-seen photography, this book is a nostalgic look back at the Skywalker saga as it comes to a close. I Am C-3PO: The Inside Story reveals Anthony Daniels' vulnerability, how he established his role and what he accomplished, and takes readers on a journey that just happens to start in a galaxy far, far away.
