THE AMERICAN PAGEANT
enjoys a reputation as one
of the most popular,
effective, and entertaining
texts in American history.
The colorful anecdotes,
first-person quotations,
and trademark wit bring
American history to life.
The Fifteenth edition
includes markedly deeper
explorations of the

cultural innovations,
artistic movements, and
intellectual doctrines that
have engaged and
inspired Americans and
shaped the course of
American history.
Additional pedagogical
features make THE
AMERICAN PAGEANT
accessible to students:
part openers and chapter-
ending chronologies
provide a context for the

major periods in American history, while other features present primary sources, scholarly debates, and key historical figures for analysis. Available in the following options: THE AMERICAN PAGEANT, Fifteenth Edition (Chapters 1-42); Volume 1: To 1877 (Chapters 1-22); Volume 2: Since 1865 (Chapters 22-42). Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Great Separation
Taylor & Francis US
"Completely fascinating, Pinney's History of Wine in America combines a myriad of facts about all the states that have endeavored to grow grapes at any time since colonial days into a readable and coherent story. The only study to approach wine through its historical aspects, it will be invaluable to wine writers who want to include historical perspectives in their articles and it will be seized upon by grape

growers and wineries throughout the country who want to discover their region's historical roots in viticulture and winemaking. A significant contribution to scholarship, this book should have broad appeal."—John R. McGrew, USDA Agricultural Research Service (retired)
Preparing the Next Generation of Oral Historians Lulu.com
Preparing the Next Generation of Oral Historians is an invaluable resource to educators seeking to bring history

alive for students at all levels. The anthology opens with chapters on the fundamentals of oral history and its place in the classroom, but its heart lies in nearly two dozen insightful personal essays by educators who have successfully incorporated oral history into their own teaching. Filled with step by step descriptions and positive student feedback, these chapters offers practical suggestions on creating curricula, engaging students, gathering community support, and meeting

educational standards. Lanman and Wendling open each chapter with thoughtful questions that guide readers, whether unfamiliar with oral history or seeking to refine their approach, in applying the examples to their own classrooms. The bibliography of further resources at the anthology's close provides interested educators with all the information necessary to transform their lessons and show their students' history's power as a living force within their own lives and

communities.

It's Not Easy Being A Woman Springer
Designed to accompany America's History, Seventh Edition, this primary-source reader offers a chorus of voices from the past to enrich the study of U.S. history. Document selections

written by both celebrated historical figures and ordinary people demonstrate the diverse history of America while putting a human face on historical experience. A broad range of documents, from speeches and petitions to personal letters and diary entries, paints a vivid picture of the social and political lives of Americans, encouraging student engagement with the textbook material. Brief introductions place each document in historical context, and

questions for analysis help link the individual primary sources to larger historical themes. Change Has Come Wayne State University Press This detailed primary source reader focuses on political, diplomatic, and social history, presenting documents that include travel literature, religious sermons, newspaper articles, court testimony, and diary entries. An ideal companion for THE AMERICAN PAGEANT, the text can be used with any U.S. history survey text. Important Notice: Media

content referenced within the product description or the product text may not be available in the ebook version.

B&H Publishing Group Sometimes life leads us through painful and lonely territory. But what happens when you see challenge as an opportunity to discover your purpose—and change the world? Join Taya Kyle and thirty-five remarkable Americans on their extraordinary journeys from despair to lives of passion and service. After losing her

husband, "American Sniper" Chris Kyle, bestselling author Taya Kyle entered a period of inconsolable grief. And yet this darkness has served as a catalyst for profound growth. Taya found her own reserve of strength with the help of the generous love and support of family and friends—and also many strangers across America, who selflessly shared their own stories of suffering, survival, and triumph. Inspired by her experience, Taya found her calling: spreading a

message of how love, passion, and service can combine to help us persevere over personal pain and heal our communities. Working with trusted collaborator Jim DeFelice (coauthor of *American Sniper* and *American Wife*), Taya tells her own story, as well as those of other Americans who have built extraordinary lives after traveling down life's most difficult roads—through loss, illness, all manner of setback. They embody the "American spirit" of resilience, faith,

togetherness that has built the nation. American Spirit profiles more than 30 individuals, young and old, rich and not-so-rich, famous and unknown, who have overcome hardship and done extraordinary things for their communities and for the nation at large. The 9/11 survivor, badly burned over 60% of his body, who asked himself What debt do I owe to God? And to my fellow human beings? What am I supposed to do with this miracle of survival? The man with the hole in his

heart who runs ultramarathons. The young cancer victim whose lemonade stand inspired a revolutionary new model for fighting cancer. The blind cyclist; the pastor who became an undercover investigator, and more. In the end, these stories teach us how to find purpose and heal the world, no matter the difficulty. "Every action, big or small," Taya writes, "has the potential to spark someone else's movement."
Why American History Is

Not What They Say Simon and Schuster
 Equip your students to excel on the AP® United States History Exam, as updated for 2016
 Features "flexibility designed to use in a one-semester or one-year course "divided into nine chronological periods mirroring the structure of the new AP® U.S. College Board Curriculum Framework, the text reflects the Board's effort to focus on trends rather than isolated facts "each period features a one-page overview

summarizing the major developments of the period and lists the three featured Key Concepts from the College Board Curriculum Framework
 "each Think As a Historian feature focuses on one of the nine historical thinking skills that the AP® exam will test "each chapter narrative concludes with Historical Perspectives, a feature that addresses the College Board emphasis on how historians have interpreted the events of the chapter in various ways "the chapter

conclusion features a list of key terms, people, and events organized by theme, reflecting the College Board's focus on asking students to identify themes, not just events "chapter assessments include eight multiple-choice items, each tied to a source as on the new AP® exam, as well as four short-answer questions "period reviews include both long-essay questions and Document-Based Questions in the format of those on the AP® exam, as updated for 2016

American Spirit Cengage Learning
 This book examines what makes the United States an exceptional society, what impact it has had

abroad, and why these issues have mattered to Americans. With historical and comparative evidence, Frank J. Lechner describes the distinctive path of American institutions and tracks changes in the country's national identity in order to assess claims about America's 'exceptional' qualities. The book analyzes several focal points of exceptionalist thinking about America, including the importance of US Constitution and the American sense of mission, and explores

several aspects of America's distinctive global impact; for example, in economics and film. In addition to discussing the distinctive global impact of the US, this first volume delves into religion, law, and sports.

US Foreign Policy and Government Guide Volume 1 Important Information and Developments Litres
Developed to meet the demand for a low-cost, high-quality history book, this economically priced version of THE AMERICAN PAGEANT, Fifteenth

Edition, offers readers the complete narrative while limiting the number of features, photos, and maps. All volumes feature a paperback, two-color format for those seeking a comprehensive, trade-sized history text. THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts in American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. The fifteenth edition includes markedly deeper

explorations of the cultural innovations, artistic movements, and intellectual doctrines that have engaged and inspired Americans and shaped the course of American history.

Additional features of THE AMERICAN PAGEANT help you understand and master the content: chapter-ending chronologies provide a context for the major periods in American history, while other features present global context and key historical figures for analysis.

Available in the following split options: CENGAGE ADVANTAGE BOOKS: THE AMERICAN PAGEANT, Fifteenth Edition Complete, Volume 1: To 1877, and Volume 2: Since 1865. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Journals of Mordecai M. Kaplan, 1942-1951

Infinity Publishing
Caution: this book is a document from the future, on how the United States

finally split into two independent republics in 2029, and its aftermath. The topic is so sensitive, that its futuristic author must be identified merely as John Doe, Ph.D. Dateline: 2029. The "One Nation, Indivisible," finally divides. - A political satire.

The American Spirit: To 1877 Cambridge University Press
American History volume 1 surveys the broad sweep of American history from the first Native American societies to the end of the Reconstruction

period, following the Civil War. Drawing on a deep range of research and years of classroom teaching experience, Thomas S. Kidd offers students an engaging overview of the first half of American history. The volume features illuminating stories of people from well-known presidents and generals, to lesser-known men and women who struggled under slavery and other forms of oppression to make their place in American life. The role of Christianity in America is

central in this book. Americans' faith sometimes inspired awakenings and the search for an equitable society, but at other times it justified violence and inequality. Students will come away from American History volume 1 better prepared to grapple with the challenges presented by the history of America's founding, the problem of slavery, and our nation's political tradition. American Machinist Xulon Press
This comprehensive

primary source reader focuses on political, diplomatic, and social history, presenting a rich collection of documents and images that includes travel literature, religious sermons, newspaper articles, court testimony, diary entries, and political cartoons. An ideal companion for the sixteenth edition of THE AMERICAN PAGEANT, the text can be used with any U.S. history survey text. Important Notice: Media content referenced within the product description or the product text may not

be available in the ebook version.

The Spirit-filled Life

Cengage Learning

In 1831, Alexis De

Tocqueville, a twenty-six-year-old French aristocrat, spent nine months

travelling across the

United States. From the

East Coast to the frontier, from the Canadian border

to New Orleans,

Tocqueville observed the American people and the revolutionary country they'd created. His

celebrated *Democracy in America*, the most quoted work on America ever

written, presented the new Americans with a degree of understanding no one had accomplished before or has since.

Astonished at the pace of daily life and stimulated by people at all levels of society, Tocqueville recognized that

Americans were driven by a series of internal conflicts: simultaneously religious and materialistic; individualistic and yet deeply involved in community affairs; isolationist and interventionist; pragmatic and ideological. Noted

author Michael Ledeen takes a fresh look at Tocqueville's insights into our national psyche and asks whether Americans' national character, which Tocqueville believed to be wholly admirable, has fallen into moral decay and religious indifference. Michael Ledeen's sparkling new exploration has some surprising answers and provides a lively new look at a time when character is at the center of our national debate.

American History, Volume 1 The American SpiritWho

We Are and What We Stand For

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence

requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas

that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).
