'No Cook' Children's Recipe Book is full of simple recipes for children to make on their own or with just a little help from an adult. All learning should be fun and learning about food is no exception. So, although there are some healthy options to choose from in this book and a few recipes that need the help of an adult (for dealing with hot stuff), I have included a lot of fun recipes a child can make absolutely independent of adults. You can encourage your children to make finger food for family get-togethers or prepare nibbles for a sleep-over or play date with minimum help from adults. You can encourage your children to make a selection of the candies from this book and put them into a cellophane bag tied with pretty ribbon for handmade gifts for family and

friends. Children just love to give gifts and are so proud if they've made them themselves. You provide the ingredients, the tools and suggestions - then stand back and watch the fun!
