ALVARO JULISSA

[Law and Creditor Protection in Nigeria](#) Oxford University Press

This study, in nineteen chapters, deals with the various issues pertaining to land law in Nigeria. Namely: Concept of ownership; ownership and communal land holding under customary land tenure; individual land ownership; family land ownership; alienation under customary law; nature of customary tenancy; pledge; the law of property; an overview of the effect of the Land Use Act on customary ownership of land; The Nigerian Land Use Act; Land Use Act 1978; ways of declaration of title to land; legal mortgage; the position of landlord and tenant; the procedure for recovery of premises under the recovery of premises law; classification of right of occupancy; nature of prescription; march towards the reform of the Land Use Act.

[Q&A Land Law 2013-2014](#) Routledge

Q&A Land Law offers a lifeline to students revising for exams. It provides clear guidance from experienced examiners on how best to tackle exam questions, and gives students the opportunity

to practise their exam technique and assess their progress.

[Equity](#) Routledge

'Here is a book whose breadth of purpose and depth of learning are breathtaking.' Peter Butt, [2005] 69 Conv 363 Gray & Gray's Elements of Land Law is the definitive textbook on the subject. The book offers comprehensive coverage of the law in this area. The authors provide an insightful and thought-provoking commentary on the modern development of the subject and go on to

explore how land law functions in today's society. The book includes an analysis of recent legislation and case law in England and Wales. There are also references to significant cases from Australia, New Zealand, the United States and Canada, coupled with a detailed account of reforms currently proposed by the English Law Commission. The book demonstrates a thorough understanding of the social and political context of land law and guides the reader through the sometimes difficult terminology of the subject. This fifth edition continues to balance up-to-date coverage of the key issues in land law with a critical survey of cutting-edge research. Building on the strengths of previous editions, the book ensures that excellent scholarship is accessible to an even wider readership: more chapters of shorter length offer the possibility of readers 'dipping' into topics in a non-linear way. A fresh, new format and text design support the re-structuring of content and aid navigability. Readers wanting to explore areas of interest in more depth are encouraged to do so by the exemplary footnoting and referencing. The book is accompanied by an online resource centre providing updates and web links between editions. This facility also contains illustrative material such as photographs relating to relevant cases discussed in the book. A podcast of the authors introducing the subject will excite students new to the subject area.

Elements of Land Law Oxford University Press, USA

Relied upon by students for over 25 years, this book continues to bring an innovative, practical focus to modern land law, guiding the reader through real-life situations to illustrate rules and highlight problem areas. Clear diagrams, sample documents and further reading help students understand the law in context.

Q & A Revision Guide Land Law 2013 and 2014 Zed Books Ltd.

A renowned Harvard professor's brilliant, sweeping, inspiring account of the role of justice in our society--and of the moral dilemmas we face as citizens What are our obligations to others as people in a free society? Should government tax the rich to help the poor? Is the free market fair? Is it sometimes wrong to tell the truth? Is killing sometimes morally required? Is it possible, or desirable, to legislate morality? Do individual rights and the common good conflict? Michael J. Sandel's "Justice" course is one of the most popular and influential at Harvard. Up to a thousand students pack the campus theater to hear Sandel relate the big questions of political philosophy to the most vexing issues of the day, and this fall, public television will air a series based on the course. Justice offers readers the same exhilarating journey that captivates Harvard students. This book is a searching, lyrical exploration of the meaning of justice, one that invites readers of all political persuasions to consider familiar controversies in fresh and illuminating ways. Affirmative action, same-sex marriage, physician-assisted suicide, abortion, national service, patriotism and dissent, the moral limits of markets—Sandel dramatizes the challenge of thinking through these con?icts, and shows how a surer grasp of philosophy can help us make sense of politics, morality, and our own convictions as well. Justice is lively, thought-provoking, and wise—an essential new addition to the small shelf of books that speak convincingly to the hard questions of our civic life.

Land Law Oxford University Press

In 2016, the striking electoral success of the UK Vote Leave campaign and Donald Trump's presidential bid defied conventional expectations and transformed the political landscape. Considered together, these two largely unpredicted events constitute a defining moment in the process of the incorporation of far-right populist discourse in mainstream politics. This timely book argues that there has been a change in the fundamental dynamic of the mainstreaming of far-right populist discourse. In recent elections, anti-establishment actors have rewritten the playbook, defeated the establishment and redefined political norms. They have effectively outplayed, overtaken and trumped mainstream parties and policies. As fringe discourse becomes mainstream, how we conceive of the political landscape and indeed the very distinction between a political centre and periphery has been challenged. This book provides new theoretical tools and empirical

analyses to understand the ongoing mainstreaming of far-right populism. Offering case studies and comparative research, it analyses recent political events in the US, UK, France and Belgium. This book is essential reading for scholars and students of populism and far-right politics who seek to make sense of recent world-altering events.

Basic Accounting for Lawyers Bloomsbury Publishing

First published in 1999. Routledge is an imprint of Taylor & Francis, an informa company.

Child Law Lecture Notes Routledge

The fifth edition of BUTTERWORTHS STUDENT COMPANION: LAND LAW contains concise summaries of leading New Zealand and international decisions covered in the study of land law. This is an invaluable, easy-to-read reference tool that is designed to be used in conjunction with lecture notes and existing text materials. With the inclusion of a number of new cases and updated summaries taking into account the Property Law Act 2007 passed since the last edition, this new edition is an invaluable study aid.

Ancient Law Oxford University Press

In his remarkable, path-breaking new book, Peter Sparkes takes stock of the development of a distinctive body of European land law, taking as his starting point the idea that methods of land-holding permitted by a legal system both shape and reflect the attitudes of the land owners and society in general. However it quickly becomes very difficult to test that idea when the society in question is governed by an internal market composed of 30 countries (the EU-27, including Bulgaria and Romania, and the EEA-3), whose property systems differ so markedly and which reflect such widely differing cultures. Yet the internal market has already effected a gradual equalisation and standardisation across Europe as foreign capital spreads to create equality of yield. "We all become better off by joining a larger trading block but the social consequences will be profound: Brits will need to emigrate to the continent to afford a home, Bulgarians will need to make way for them along the Black Sea coast, and title deeds will be reshuffled all over Europe on a giant Monopoly board" writes the author in his preface, before embarking on a dispassionate examination of the beginning of that process of profound change. The opening chapters are devoted to an explanation of how the internal market has created a substantive European land law. Chapter 3 examines the rise of a distinctive European land law, and the development of conflicts principles applying to recovery of land. Chapters 5 to 9 on the marketing and sale of land focus upon Community competence on consumer protection. The decision to treat land as a product like any other in the Unfair Commercial Practices Directive will have wide ranging and far reaching implications and, apart from marketing of land and of timeshares, other chapters deal with conveyancing, contracting and the emerging market in mortgage credit. The book concludes with a miscellany of conflicts rules which are gradually coalescing and form the elements from which a substantive European land law can be forged. A number of topics which it is not possible to cover in detail (VAT, other taxes, environmental controls and agriculture) are touched on briefly, and the same is true of international aspects of trusts and succession.

Butterworths Student Companion Routledge

This fifth edition covers everything from the legal definition of land to the essential elements in a lease or tenancy and the function of covenants in the planning of land use.

Each pack in the Study Pack series contains a full set of study materials on the core subject, ranging from Essentials, Q&As, to Briefcase and Lecture Notes. This pack covers land law.

Land Law Directions Bloomsbury Professional

Wherever there is a person's right, there is a corresponding duty imposed upon that person to respect the rights of others. This co-existence of rights and duties may be explained better by the principle of reciprocity of rights and duties. Such is the basis of Land as as Human Right: A History of Land Law and Practice in Tanzania. The esteemed author documents Tanzanian land law along its line of historical development (pre- and post-independence) whereby the thorny issues about

'rights' and 'duties' of the landed, landless and the intermediaries are elucidated. This volume is not limited to events in Tanzania, but includes jurisprudence of land law of other countries in order to tap some interpretative devices of our own by way of analogies. Various case types- reported and unreported, local and foreign- provide a tangible content to what would otherwise be pure theory. He also makes references to local newspapers as a way of tapping the public responses about land-related matters. His survey of such cases in and outside Tanzania led automatically to judgments touching on women's right to matrimonial property and inheritance; individual and collective rights to land; and the right to land of the indigenous peoples. It is the author's view that land law has remained poorly documented in Tanzania. There is plenty of literature about Land Law, yet these sources are not easily available or even accessible to every interested person. Equally, some of the available literature is so old that it may not always depict land law and/or practice as we tend to understand it today. This volume is a comprehensive text on land law in which all the necessary land law principles are highlighted with great precision. Advocate Rwegasira does this with a human rights approach, believing that it is through this approach that a person's right to land, whether individual or collective can best be explained, especially in this era when conflict over land is unabatedly becoming central in family, communal and societal relations. The language of human rights is for all of us to speak. It follows, therefore, that practitioners both of the bar and the bench will also find it useful for quick reference, much as will do policy makers, law reformers and the general public in and outside Tanzania.

Land Law Concentrate Farrar, Straus and Giroux

"Written with both legal students and practitioners in mind, this highly specialist book is recognised as the definitive guide to Irish land law. Comprehensive and clear, this book not only covers the subject of Irish land law with depth and detail, it also offers invaluable information on equity, trusts and succession. "

Justice Malthouse Press

Routledge Q&As give you the tools to practice and refine your exam technique, helping you to apply your knowledge to maximum effect in an exam situation. Each book contains up to fifty essay and problem-based questions on commonly examined topics, complete with answer plans and fully worked model answers. Our authors have also highlighted common mistakes as well as offering you tips on how to achieve the very best marks. Routledge Q&As are written by lecturers who are also examiners, and the books provide 'notes from the examiner' for each question to give you an exclusive insight into exactly what your marker will be looking for in an answer.

Concentrate Questions and Answers Land Law Oxford University Press, USA

Most of the lead cases are post-1980 with many 1990s decisions. There are significant new decisions in the "finders'personal property" area. The cases throughout deal with time-honored concepts in a decidedly modern context. Includes the nature and division of ownership, right of reasonable use, and nuisance. Covers rights above and below the surface, and water rights. Looks at the transfer of ownership and conveyance, and land use regulations.
