A story by Nobel Prize-  
winning writer Jose  
Saramago, gorgeously  
illustrated in woodcuts by  
one of Brazil's most  
famous artists. When a  
lizard appears in the  
neighborhood of Chiado,  
in Lisbon, it surprises  
passers-by, and mobilizes  
firefighters and the army.  
With a clear and precise  
style, the fable offers a  
multitude of senses,  
reaching audiences of all  
ages. "The Lizard" is a

short story included in A  
Bagagem do Viajante  
(1973), a volume that  
brought together the  
Saramago chronicles for  
the newspaper A Capital  
and the weekly Jornal do  
Fundão between 1971  
and 1972. Translated by  
Nick Caistor and Lucia  
Caistor, The Lizard, is an  
illustrated version of the  
chronicle by J. Borges.

From New York Times  
bestselling author

Penelope Ward, comes a new standalone novel. It was the summer of my life. I'd met the guy of my dreams. Unfortunately, he was the son of my uppity employer—and very much off-limits. But Gavin was a rebel. He knew his mother would disown him if she found out about us; in his eyes, we just had to be careful. He never treated me as his mother did—like hired help. Instead, Gavin put me on a pedestal and loved me harder than I'd ever been loved in my life. What a summer it was. Until it all

ended—badly. I was never supposed to see Gavin again. That didn't stop me from thinking about him every day for ten years. I knew little about his life now, just that he was an entrepreneur living an ocean away. When a twist of fate had me working again in the very place our love affair started a decade earlier, I knew it was only a matter of time before I might see him again. But I wasn't prepared. What if he hated me? What if he loved someone else now? I wasn't prepared for all

the unknowns. And most of all, I wasn't prepared for today to be the day he came back.

Leonard Ravenhill's call to revival is as timely now as

it was when first published over forty years ago. The message is fearless and often radical as he expounds on the disparity between the New Testament church and the church today. Why Revival Tarries contains the heart of his message. A.W. Tozer called Ravenhill "a man sent from God" who "appeared at [a] critical moment in history," just as the Old Testament prophets did. Included are questions for group and individual study.

Prince invites readers to embark on a purposeful and powerful journey in discovering and experiencing the unmerited favor of God. Travels in My Homeland Farrar, Straus and Giroux In this simple tale, the novel's hero is the talented heir to a notable family in Lisbon. He aspires to serve his fellow man in his chosen profession of medicine, in the arts, and in politics. But he enters a society affected by powerful international influences--

French intellectual developments, English trading practices--that trouble and frustrate him. In the end he is reduced to a kind of spiritual helplessness and his good intentions are reduced to dilettantism. His passionate love affair begins to suffer a devastating constraint. *Why Revival Tarries* Northwestern University Press With an unshakable mind, you can cope with any difficulty life may bring. An unshakeable mind is a state that can be

symbolized by an iceberg--beneath the part of you that is visible to others is a vast bulk. In the case of the mind, this is a reserve of inner treasure accumulated through learning and experiences. *An Unshakable Mind* describes ways to build inner confidence and develop a firm character based on a spiritual perspective. Viewed from a spiritual standpoint, life is a workbook for developing the soul. With a willingness to learn from everything that life presents you with, good

and bad, any difficulty can be transformed.

A Summer Reading Pick for President Barack Obama, Bill Gates, and Mark Zuckerberg From a renowned historian comes a groundbreaking narrative of humanity’s creation and evolution—a #1 international bestseller—that explores the ways in which biology and history have defined us and enhanced our understanding of what it means to be “human.” One hundred thousand years ago, at least six different species of humans inhabited Earth. Yet today there is only

one—homo sapiens. What happened to the others? And what may happen to us? Most books about the history of humanity pursue either a historical or a biological approach, but Dr. Yuval Noah Harari breaks the mold with this highly original book that begins about 70,000 years ago with the appearance of modern cognition. From examining the role evolving humans have played in the global ecosystem to charting the rise of empires, Sapiens integrates history and

science to reconsider accepted narratives, connect past developments with contemporary concerns, and examine specific events within the context of larger ideas. Dr. Harari also compels us to look ahead, because over the last few decades humans have begun to bend laws of natural selection that have governed life for the past four billion years. We are acquiring the ability to design not only the world around us, but also ourselves. Where is this leading us, and what do

we want to become? Featuring 27 photographs, 6 maps, and 25 illustrations/diagrams, this provocative and insightful work is sure to spark debate and is essential reading for aficionados of Jared Diamond, James Gleick, Matt Ridley, Robert Wright, and Sharon Moalem. Resumo Documental: uma incursão à (des)construção concetual na literatura científica Greenwood This book presents a description of the human being after discarnation

and demonstrates that, in the Beyond, the mental state of spirits directly impacts their existence there. In 26 chapters, it tells the story of real characters who receive the help of spirit friends upon discarnating. These friends encourage them to renew themselves spiritually through study and work in order to prepare to review and untangle the meaning of the lives they have just finished, thereby enabling them to pursue a more constructive course of behavior for their future.

It teaches us to examine our lives continually, knowing that, according to the laws of God, life does in fact go on, full of hope and effort, progress and accomplishment after death.

Santiago, an old Cuban fisherman, has gone 84 days without catching a fish. Confident that his bad luck is at an end, he sets off alone, far into the Gulf Stream, to fish. Santiago's faith is rewarded, and he quickly

hooks a marlin...a marlin so big he is unable to pull it in and finds himself being pulled by the giant fish for two days and two nights.

A educação e os processos educacionais vêm passando por profundas transformações. O surgimento de novas Tecnologias de Informação e Comunicação (TICs) bem como a intensificação do uso da internet e seu aumento de velocidade

permitiu alcançar um grande público e com qualidade, em um processo bidirecional de comunicação, que impactou e muito as possibilidades da Educação a Distância (EaD), trazendo reflexos para a tradicional educação presencial. Este livro discute a inserção de conceitos da EaD nos cursos presenciais como previsto pela Portaria N° 2.117/19 do MEC e destina-se a professores, coordenadores de curso, coordenadores pedagógicos e outros

profissionais e operadores da Educação Superior que necessitam de fundamentos, senão mesmo quase um roteiro para a implantação da educação semipresencial em disciplinas ofertadas regularmente na forma presencial. Trata da modalidade não presencial em sua forma mista entre a totalmente não presencia e a tradicional presencial, na forma de uma modalidade semipresencial, onde avaliações e algumas atividades, conforme necessidade, são

realizadas de forma presencial, mas não necessariamente, tradicional.

Hayden White borrows the title for *The Practical Past* from philosopher Michael Oakeshott, who used the term to describe the accessible material and literary-artistic artifacts that individuals and institutions draw on for guidance in quotidian affairs. *The Practical Past*, then, forms both a summa of White's work to be drawn upon and a new

direction in his thinking about the writing of history. White's monumental *Metahistory: The Historical Imagination in Nineteenth-Century Europe* (1973) challenged many of the commonplaces of professional historical writing and wider assumptions about the ontology of history itself. It formed the basis of his argument that we can never recover "what actually happened" in the past and cannot really access even material culture in context. Forty

years on, White sees "professional history" as falling prey to narrow specialization, and he calls upon historians to take seriously the practical past of explicitly "artistic" works, such as novels and dramas, and literary theorists likewise to engage historians. *Thinking, Fast and Slow* Unesco

The Defining Decade has changed the way millions of twentysomethings think about their

twenties—and themselves. Revised and reissued for a new generation, let it change how you think about you and yours. Our "thirty-is-the-new-twenty" culture tells us the twentysomething years don't matter. Some say they are an extended adolescence. Others call them an emerging adulthood. In *The Defining Decade*, Meg Jay argues that twentysomethings have been caught in a swirl of hype and misinformation, much of which has trivialized the

most transformative time of our lives. Drawing from more than two decades of work with thousands of clients and students, Jay weaves the latest science of the twentysomething years with behind-closed-doors stories from twentysomethings themselves. The result is a provocative read that provides the tools necessary to take the most of your twenties, and shows us how work, relationships, personality, identity and even the brain can change more during this decade than at

any other time in adulthood—if we use the time well. Also included in this updated edition: Up-to-date research on work, love, the brain, friendship, technology, and fertility What a decade of device use has taught us about looking at friends—and looking for love—online 29 conversations to have with your partner—or to keep in mind as you search for one A social experiment in which "digital natives" go without their phones A Reader's Guide for book clubs, classrooms, or

 From New York Times and USA Today bestselling author Kristen Proby comes a new story in her *With Me In Seattle* series... Nothing has ever come easy for Lila Bailey. She's fought for every good thing in her life during every day of her thirty-one years. Aside from that one night with an impossible to deny stranger a year ago, Lila is the epitome of responsible. Steadfast.

Strong. She's pulled herself out of the train wreck of her childhood, proud to be a professor at Tulane University and laying down roots in a city she's grown to love. But when some of her female students are viciously murdered, Lila's shaken to the core and unsure of whom she can trust in New Orleans. When the police detective assigned to the murder case comes to investigate, she's even more surprised to find herself staring into the eyes of the man that made her toes curl last

year. In an attempt to move on from the tragic loss of his wife, Asher Smith moved his daughter and himself to a new city, ready for a fresh start. A damn fine police lieutenant, but new to the New Orleans force, Asher has a lot to prove to his colleagues and himself. With a murderer terrorizing the Tulane University campus, Asher finds himself toe-to-toe with the one woman that haunts his dreams. His hands, his lips, his body know her as intimately as he's ever known anyone.

As he learns her mind and heart as well, Asher wants nothing more than to keep her safe, in his bed, and in his and his daughter's lives for the long haul. But when Lila becomes the target, can Asher save her in time, or will he lose another woman he loves? \*\*Every 1001 Dark Nights novella is a standalone story. For new readers, it's an introduction to an author's world. And for fans, it's a bonus book in the author's series. We hope you'll enjoy each one as much as we do.\*\*

High drama at the beach, starring four sexy, surfing siblings and their deadbeat, famous-crooner dad.”—People Four

famous siblings throw an epic party to celebrate the end of the summer. But over the course of twenty-four hours, the family drama that ensues will change their lives forever. *Malibu*: August 1983. It's the day of Nina Riva's annual end-of-summer party, and anticipation is at a fever pitch. Everyone wants to be around the famous Rivas: Nina, the talented surfer and supermodel; brothers Jay and Hud, one a championship surfer, the other a renowned photographer; and their

adored baby sister, Kit. Together the siblings are a source of fascination in Malibu and the world over—especially as the offspring of the legendary singer Mick Riva. The only person not looking forward to the party of the year is Nina herself, who never wanted to be the center of attention, and who has also just been very publicly abandoned by her pro tennis player husband. Oh, and maybe Hud—because it is long past time for him to

confess something to the brother from whom he's been inseparable since birth. Jay, on the other hand, is counting the minutes until nightfall, when the girl he can't stop thinking about promised she'll be there. And Kit has a couple secrets of her own—including a guest she invited without consulting anyone. By midnight the party will be completely out of control. By morning, the Riva mansion will have gone

up in flames. But before that first spark in the early hours before dawn, the alcohol will flow, the music will play, and the loves and secrets that shaped this family's generations will all come rising to the surface. *Malibu Rising* is a story about one unforgettable night in the life of a family: the night they each have to choose what they will keep from the people who made them . . . and what they will leave behind.
