Australian Taxation Law 2021 Pascal Press

Edited by Victor Thuronyi, this book offers an introduction to a broad range of issues in comparative tax law and is based on comparative discussion of the tax laws of developed countries. It presents practical models and guidelines for drafting tax legislation that can be used by officials of developing and transition countries. Volume I covers general issues, some special topics, and major taxes other than income tax.

IBPS SO Law Officer (Scale I) Prelims Exam Book | 1500+ Solved Questions (8 Mock Tests + 6 Sectional Tests) BPP Learning Media

This book "is a comprehensive volume of conceptual and applied problems and guidance notes designed to assist the study of income tax law. This text covers the following Financial Services Training Package (FNS60217) units: FNSACC601 - Prepare and administer tax documentation for legal entities and FNSACC603 - Implement tax plans and evaluate tax obligations. Each chapter contains explanatory notes and matched, graded questions that isolate and then intergrate the various aspects of Australian taxation legislation as it relates to taxpayers, financial reports and tax agents." -- title page verso.

Taxation - Incorporating the 2021 Finance Act (2021/22) OECD Publishing

This book showcases new interdisciplinary academic research on the relationship between information literacy and learning. It combines findings with new understandings drawn from theoretical and empirical research conducted in primary and secondary schools, higher education, workplaces, and community contexts. The studies offer new insights into questions such as how transferable are the information practices and skills learned in one context to other contexts? What is the degree to which information competences are generic, to what degree are they domain and context specific? What are the kinds of challenges and outcomes that emerge from incorporating information literacy into education and training courses? And, most importantly, what kinds of theories and philosophies regarding the nature of learning, information, and knowledge, should information literacies education and research efforts be based on?

While the UK tax system becomes ever more complicated and textbooks reflect this trend, Taxation: Policy & Practice, 2001 edition, maintains its clarity and brevity. Student-friendly and informative, this textbook is based on a structured, conceptual framework. Updated annually to ensure an accurate reflection of the current tax climate, it avoids unnecessary and confusing detail to provide an ideal introduction to UK taxation, fiscal policy and decision making. Taxation: Policy and Practice offers basic coverage of current tax law and provides an excellent aid to an introductory taxation course. Written in an accessible style with examples, activities and questions throughout, this textbook gives students a thorough understanding of taxation principles and practice. The companion Website provides additional questions and answers, links to other tax materials available online and information on tax developments as they occur throughout the year. 'An excellent balance of practice and theory, without non-essential detail, makes this the first-choice student text for UK tax.' Dr John Hasseldine, University of Nottingham 'This excellent text continues to provide a comprehensive introduction to the principles and practice of taxation. The text combines detailed numerical examples and activities together with an excellent explanation of the legal concepts underpinning the subject.' Ron Altshul, Leeds Metropolitan University 'Tax is a subject that is difficult to successfully encapsulate in a student text. However, Lymer and Hancock have produced

not only a comprehensive, accessible and accurate book, but also one with an appropriate blend of approaches and material.' Rebecca Boden, University of the West of England
East Timor and the International Community Cengage Learning Business Press
 The long-running dispute over East Timor was for many years an unresolved item on the agenda of the international community. It involved issues of self-determination, non-recognition, and human rights. This book was first published in 1996, five years before East Timor regained its independence. It thus serves as a record of the basic materials relating to the historical background, to the circumstances of the Indonesian invasion and following incorporation of East Timor, to the subsequent development of the dispute in the light of the international community's response to it, and, finally, to the 1995 judgment of the International Court of Justice in the case concerning East Timor between Portugal and Australia. The volume contains a substantive introduction which places the documents in context and provides an overview of the political and legal issues of the dispute.

Parliamentary Debates (Hansard). Cambridge University Press

Over the past few decades, a clear trend has emerged worldwide toward the devolution of spending and, to a lesser extent, revenue-raising responsibilities to state and local levels of government. One view is that the decentralization of spending responsibilities can entail substantial gains in terms of distributed equity and macroeconomic management. The papers in this volume, edited by Teresa Ter-Minassian, examine the validity of these views in light of theoretical considerations, as well as the experience of a number of countries.
