The narrator, sent to an African country to run a branch of a large French bank, indulges in a liaison with Clotilde; only to discover in her unexpected and shocking depths of perversity. This elegant novella of disturbing eroticism was the book with which Morand returned triumphantly to the literary scene in 1954. It explores territory very different in tone from his earlier, mildly shocking cosmopolitanism. The Tender Hour of Twilight Flip City

The 120 Days of Sodom is Sade's masterpiece. A still unsurpassed catalogue of sexual aberrations and the first systematic exploration of the psychopathology of sex, it was written during Sade's imprisonment and then lost after the storming of the Bastille in 1789. Later rediscovered, the manuscript remained unpublished until 1936 and is now introduced by Simone de Beauvoir's landmark essay, 'Must We Burn Sade?' Unique in its enduring capacity to shock and provoke, The 120 days of Sodom must stand as one of the most controversial books ever written

"120 Days Of Sodom, or the School of Libertinism is a novel by the French writer and nobleman Donatien Alphonse François, Marquis de Sade. Described as both pornographic and erotic, it was written in 1785. It tells the story of four wealthy male libertines who resolve to experience the ultimate sexual gratification in orgies. To do this, they seal themselves away for four months in an inaccessible castle in Saint-Martin-de-Belleville, France, with a harem of 46 victims, mostly young male and female teenagers, and engage four female brothel keepers to tell the stories of their lives and adventures.""

Marquis De Sade (Classics, Literature, History, Criticism) [Annotated] Penguin Group Australia

'Senneval, you see in me your sister, the girl you seduced at Nancy, the woman who murdered your son, the wife of your own father and the ignoble creature who sent your mother to the gallows...' Who but the Marquis de Sade would write, not of the pain, tragedy, and joy of love but of its crimes? Murder, seduction, and incest are among the cruel rewards for selfless love in his stories; tragedy, despair, and death the inevitable outcome. Sade's villains will stop at nothing to satisfy their depraved passions, and they in turn suffer under the thrall of love. Psychologically astute, and defiantly unconventional, these stories show Sade at his best. A skilled and artful storyteller, he is also an intellectual who asks questions about society, about ourselves, and about life, for which we have yet to find the answers. This new selection includes 'An Essay on Novels', Sade's penetrating survey of the novelist's art. Described as a Gothic novel due to its dark and murky settings, the book explores the wild side of human psyche. Sade has been successful in shocking readers while he gives a moral message. It is a story of four men who act out their baffling fantasies by hiring story-tellers to entertain them. Due to its graphic details and mature content, this book is only for adult readers.

Beneath the extreme, taboo-breaking surface of 'Salo' (a controversial and scandalous film made in 1975), Gary Indiana argues that there's a deeply penetrating account of human behaviour which resonates as an account of fascism and as a picture of the corporate world we live in. 'Salo' was Pier Pasolini's last film (he was murdered shortly after completing it). An adaptation of Sade's vicious masterpiece, it is an unflinching, violent portrayal of sexual cruelty which many find too disturbing to watch.

Some of the material covered in this book include: The inherent evil of politics; the arrogance of power; why you should never trust a politician who always seeks to raise your taxes, who constantly uses religion or God in their speeches, who does not fully support the second amendment and the right to self-defense.
