The purpose of this manual is to provide clear and helpful
information for maintaining gravel roads. Very little technical help
is available to small agencies that are responsible for managing
these roads. Gravel road maintenance has traditionally been
"more of an art than a science" and very few formal standards

exist. This manual contains guidelines to help answer the
questions that arise concerning gravel road maintenance such as:
What is enough surface crown? What is too much? What causes
corrugation? The information is as nontechnical as possible
without sacrificing clear guidelines and instructions on how to do
the job right.

How Do I Tax Thee? U.S. Government Printing Office

"We all know the government taxes our income. Federal, state, and local taxes are withheld by employers, as are Social Security payments. But what about the many other ways the government covertly drains money from our wallets? Have you studied your cell phone bill? Customers in New York State pay an average of 24.36% in combined taxes on their wireless bills. They're also charged for obscure services they didn't ask for and don't understand, like a universal service fund fee, an FCC compliance fee, a line service fee, and an emergency services fee. These aren't taxes, strictly speaking. The government imposes these administrative and regulatory costs, and your wireless provider passes them along to you. What about your cable bill? Your power bill? Your trash bill? The cost of groceries, a gallon of gas, a cab ride, a hotel stay, and a movie ticket are all inflated by hidden fees. How much of what you pay at the grocery store, pump, airport, or the box office is really an indirect tax? In a series of short, pointed, fact-laden, humorous chapters, Kristin Tate exposes how up to half of your income is siphoned straight

into federal, state, and city government coffers--and also where these hidden taxes and fees come from."--Dust jacket.

A REESE'S BOOK CLUB PICK "A hands-on, real talk guide for navigating the hot-button issues that so many families struggle with."--Reese Witherspoon Tired, stressed, and in need of more help from your partner? Imagine running your household (and life!) in a new way... It started with the Sh*t I Do List. Tired of being the "shefault" parent responsible for all aspects of her busy household, Eve Rodsky counted up all the unpaid, invisible work she was doing for her family -- and then sent that list to her husband, asking for things to change. His response was... underwhelming. Rodsky realized that simply identifying the issue of unequal labor on the home front wasn't enough: She needed a solution to this universal problem. Her sanity, identity, career, and marriage depended on it. The result is *Fair Play*: a time- and anxiety-saving system that offers couples a completely new way to divvy up chores and responsibilities. Rodsky interviewed more than five hundred men and women from all walks of life to figure out what the invisible work in a family actually entails and how to get it all done efficiently. With four easy-to-follow rules, 100 household tasks, and a series of conversation starters for you and your partner, *Fair Play* helps you prioritize what's important to your family and who should take the lead on every chore from laundry to homework to dinner. "Winning" this game means rebalancing your home life, reigniting your relationship with your significant other, and reclaiming your Unicorn Space -- as in, the time to develop the skills and passions that keep you interested and interesting. Stop drowning in to-dos and lose some of that

invisible workload that's pulling you down. Are you ready to try Fair Play? Let's deal you in.
