Award-winning nature author Jerry Dennis reveals the splendor and beauty of North America's Great Lakes in this "masterwork"* history and memoir of the essential environmental and economical region shared by the United States and Canada. No bodies of water compare to the Great Lakes. Superior is the largest lake on earth, and together all five contain a fifth of the world's supply of standing fresh water. Their ten thousand miles of shoreline border eight states and a Canadian province and are longer than the entire Atlantic and Pacific coasts of the United States. Their surface area of 95,000 square miles is greater than New York, New Jersey, Connecticut, Massachusetts, Vermont, New Hampshire, and Rhode Island combined. People who have never visited them—who have never seen a squall roar across Superior or the horizon stretch unbroken across Michigan or Huron—have no idea how big they are. They are so vast that they dominate

much of the geography, climate, and history of North America, affecting the lives of tens of millions of people. *The Living Great Lakes: Searching for the Heart of the Inland Seas* is the definitive book about the history, nature, and science of these remarkable lakes at the heart of North America. From the geological forces that formed them and the industrial atrocities that nearly destroyed them, to the greatest environmental success stories of our time, Superior, Michigan, Huron, Erie, and Ontario are portrayed in all their complexity. A Michigan native, Jerry Dennis also shares his memories of a lifetime on or near the lakes, including a six-week voyage as a crewmember on a tallmasted schooner. On his travels, he collected more stories of the lakes through the eyes of biologists, fishermen, sailors, and others he befriended while hiking the area's beaches and islands. Through storms and fog, on remote shores and city waterfronts, Dennis explores the five Great Lakes in all seasons and moods and discovers that they and their connecting waters—including the Erie Canal, the Hudson River, and the East Coast from New York to Maine—offer a surprising and bountiful view of America. The result is a meditation on nature and our place in the world, a discussion and cautionary tale about the future of water resources, and a celebration of a place that is both fragile and robust, diverse, rich in history and wildlife, often

misunderstood, and worthy of our attention. "This is history at its best and adventure richly described."—*Doug Stanton, author of *In Harm's Way: The Sinking of the U.S.S. Indianapolis and the Extraordinary Story of Its Survivors* and *12 Strong: The Declassified True Story of the Horse Soldiers* Sigurd Olson Nature Writing Award Winner Winner of Best Book of 2003 by the Outdoor Writers Association of America

In the Trades, the Tropics, and the Roaring Forties Moon Travel

She was conceived in the mind of an American philanthropist as the embodiment of his lifetime quest for the perfect schooner yacht. She was launched in a shipyard in Kiel, Germany, owned by the controversial Krupp family. She became embroiled in a monumental scandal involving the mishandling of construction contracts for Pearl Harbor's defence. She starred in the Cinerama movie "South Seas Adventure". She spent decades as a floating school for oceanography and high school students. She was owned by food magnate Calisto Tanzi and was embroiled in Parmalat's scandal that shook Europe and the financial world. This is the story of a great classic ship admired for her beauty, elegance and speed, of the events that marked her unusually rich history and

Navigate all corners of Florida with the clearest maps of any guide. Make the most of your holiday with *The Rough Guide to Florida*.

Directory of High-volume Independent Restaurants Rough Guides UK

Henry Morrison Flagler (1830-1913) was a railroad tycoon and partner with John D. Rockefeller in the Standard Oil Company. Although most of his fortune was made in the North, he devoted the better part of his life and his wealth to the development of Florida. Published in 1949, Florida's Flagler was the first biography of Flagler, tracing his life from his heritage and youth through his early dealings in grain, his association with Rockefeller, and his later activities in Florida. Sidney Walter Martin presents a colorful and authoritative account of the accomplishments and failures of this controversial figure.

Adjusted for Gas and Electric Stoves : the SS Jeremiah O'Brien Cookbook Lloyd's Register

This new, thoroughly updated edition of Bradt's Nova Scotia remains the most comprehensive guide available to this increasingly popular region of eastern Canada. New direct flights from the UK make visiting easier than ever before, helping to fuel the growth of tourist numbers to the many new distilleries and wineries, all of which are covered in this new edition. Virtually surrounded by the sea, the region boasts 4,600 miles of coastline, superb seafood, a rich folklore, quiet roads and a wealth of outdoor pursuits. Travelling here feels like going back to a time when life's pleasures were simpler: shopping at a Farmers' Market or a roadside fruit stall, buying lobster fresh off the boat at the wharf, or photographing the lighthouse by the old fishing village. What's more, it's not hard to get off the beaten track here.

An Island and Its Boats Lulu Press, Inc

A cornucopia for road warriors and armchair epicures alike, *Roadfood* is a road map to some of the tastiest treasures in the United States. First published in 1977, the original *Roadfood* became an instant classic. James Beard said, "This is a book that you should carry with you, no matter where you are going in these United States. It's a treasure house of information." The 40th anniversary edition of *Roadfood* includes 1,000 of America's best local eateries along highways and back roads, with nearly 200 new listings, as well as a brand new design. Filled with enticing alternatives for chain-weary-travelers, *Roadfood* provides descriptions of and directions to (complete with regional maps) the best lobster shacks on the East Coast; the ultimate barbecue joints down South; the most indulgent steak houses in the Midwest; and dozens of top-notch diners, hotdog stands, ice-cream parlors, and uniquely regional finds in between. Each entry delves into the folkways of a restaurant's locale as well as the dining experience itself, and each is written in the Sterns' entertaining and colorful style. "The bible for motorists seeking mouthwatering barbecue or

homemade pie." - USA Today

Provides information on accommodations, restaurants, attractions, outdoor activities, and driving and walking tours in New Jersey and New York.

DK Eyewitness Travel Guide: Florida Down East Books

The definitive guide to the region's 161 breweries and brewpubs. Each brewery profile includes types of beer brewed at each site, special features, available tours, and the author's pick of the best beer to try. Covers the Central Coast area around Santa Cruz north to the border of Oregon, including San Francisco, San Jose, and Sacramento.

The Unofficial Guide to Florida Bloomsbury Academic

Amid the dark, ghastly history of World War II, the literally extraordinary story, never before fully researched by a historian, of how the Danish people banded together to save their fellow Jews from the Nazis—told through the remarkable unpublished diaries and documents of families forced to run for safety, leaving their homes and possessions behind, and of those who courageously came to their aid. In 1943, with its king and administration weakened but intact during the Nazi occupation, Denmark did something that no other country in Western Europe even attempted. Anticipating that the German occupying powers would soon issue the long-feared order to round up the entire population of Jews for deportation to concentration camps, the Danish people stood up in defiance and resisted. The king, politicians, and ordinary civilians were united in their response—these threatened people were not simply Jews but fellow Danes who happened to be Jewish, and no one would help in rounding them up for confinement and deportation. While diplomats used their limited but very real power to maneuver and impede matters in both Copenhagen and Berlin, the warning that the crisis was at hand quickly spread through the Jewish community. Over fourteen harrowing days, as they were helped, hidden, and protected by ordinary people who spontaneously rushed to save their fellow citizens, an incredible 7,742 out of 8,200 Jewish refugees were smuggled out all along the coast—on ships, schooners, fishing boats, anything that floated—to Sweden. While the bare facts of this exodus have been known for decades, astonishingly no full history of it has been written. Unfolding on a day-to-day basis, *Countrymen* brings together accounts written by individuals and officials as events happened, offering a comprehensive overview that underlines occupied Denmark's historical importance to Hitler as a prop for the model Nazi state and revealing the savage conflict among top Nazi brass for control of the country. This is a story of ordinary glory, of simple courage and moral fortitude that shines out in the midst of the terrible history of the twentieth century and demonstrates how it was possible for a small and fragile democracy to stand against the Third Reich.
