**FINANCIAL ACCOUNTING FOR BUSINESS MANAGERS, Fifth Edition** ABC-CLIO

Graduate students, college libraries, and organizations or management teams will benefit tremendously when they acquire and use the solutions to the case studies in this book. Case studies are the well-established and proven techniques that guide students or management teams to adopt prudent concepts theoretically in real-world situations. These studies can help to address an organization's dilemma depending upon the expectations of the stakeholders and the investors. In this edition, this book gives readers access to exemplary solutions to case studies drawn from a wide variety of cases in both academic and applied fields. By studying these examples, students can actively develop their skills in problem-solving using analytical tools to make decisions in complex situations. The reader can cope with ambiguities and learn how to apply optimal solutions in similar situations. It is a must read for anyone intending to tackle managerial case studies.

For many, starting a business can be an overwhelming experience. Understanding the financial

aspects of running a business can be even more daunting. Entrepreneurial Finance, Sixth Edition was written to help a broad range of U.S. business owners understand the financial aspects of entrepreneurship. Unlike traditional corporate finance books, this text explains the financial topics most important to running a profitable small business such as inventory control, time value of money, working capital management, and forecasting. Updated to reflect recent economic trends, this edition also shows how two popular business tools (Excel and TI BA II Plus calculator) can assist business owners in problem-solving and decision-making. Features Tackles the financial aspects of business entrepreneurship—from business planning to inventory control, to time value of money, to working capital management, to forecasting and financial planning for both the entrepreneur and the business. Provides critical background knowledge—by presenting basic economic and financial concepts early in the text. Explains the different types of small businesses—by examining the financial statements for Sole Proprietorships, Partnerships, LLCs and Corporations. Explains all six time value of money formulas—and their application in both personal financial planning and business financial planning. Offers a glimpse at real small businesses—using short end-of-chapter case studies. Shows how to solve sample problems—using Excel and the Texas Instruments BAII Plus calculator. Includes time value of money tables—see Appendix B.

Take Control of Your Startup—and Watch it Grow “This book delivers clear thinking for entrepreneurs who want to control their own destiny and grow their business without the need for venture capital.” -Joel Cannon, co-founder and president of Cannon Technologies An analysis of success. Award-winning professor of entrepreneurship Dileep Rao presents readers with a detailed guide to success through his interviews and analysis of billion-dollar entrepreneurs (those who built a venture from startup to more than \$1 billion in sales and valuation) and 100 million-dollar entrepreneurs (startup to \$100 million). Build your business without venture capital (VC) funding. Rao is here to show entrepreneurs that it is possible to start a business without outside help. He shares how more than 90 percent of America’s billion-dollar entrepreneurs in the VC era (since 1946) avoided or delayed VC, and instead used finance-smart expertise—skills that combine business-smart, capital-smart, and leadership-smart strategies. The right mix of internal and external financing. It takes more than one person to grow a business from the bottom up. But that doesn’t mean we have to sacrifice control of the venture in the process. Armed with 23 years of experience as a financier, Rao shows readers how to optimize internal financing so as to attract external financing. By keeping control of the venture, entrepreneurs keep more of the wealth, as well. In *Finance Secrets of Billion-Dollar Entrepreneurs* learn about: • Pre-financing, financing and post-financing skills and strategies of finance-smart entrepreneurs • The ins and outs of venture finance, applicable to anyone looking to start a business • Tips on increasing capital productivity and attaining financially sustainable entrepreneurship If you’ve enjoyed entrepreneurship-focused titles like *The Lean Startup*, *The \$100 Startup*, or *Venture Deals*, then Rao’s *Finance Secrets of Billion-Dollar Entrepreneurs* is the next book for you.

*Business Law, 5th Edition* (James et al.) is written for business students to provide a clear and accessible introduction to the legal system. Business law courses are the first exposure to law for many business students and the first time they are obliged to think deeply about the discipline. This updated edition presents business law in a practical context rather than the doctrinal context that many major legal publishers use. The Business Law interactive e-text features a range of instructional media content designed to provide students with an engaging learning experience. This includes practitioner videos from Herbert Smith Freehills, animated work problems and questions with immediate feedback. This new edition is a unique resource that can form the basis of a blended learning solution for lecturers.
